

our passion  our patients

## My passion...

*“I am passionate about caring for our patients. I enjoy caring for the injured and sick. This gives me the opportunity to make a difference in the lives of others in need, as I would want someone to do for me in my time of need.”*

**Maggie Mitchell, RN**

## Letters from our Patients

While my son was fighting for his life, you were fighting for him. You cared for him, as well as my entire family, as if we were truly one of your own.

Every day you have to be on your best game, your attention to detail is critical. Your knowledge is a key piece as well as your everyday experience and quick thinking that needs to be applied. You are all God sent. There are not only angels up above, but right here on earth as well. We've had the pleasure of meeting each of you, our angels on earth.

*Poppy, Mother of Accident Victim*
