

our passion  our patients

My passion...

“My Passion is derived from being able to come to a place of work that is more than a job; to be able to work in an environment in which everyone has the same mission—to help improve the lives of those who we come into contact with every day. It makes getting up each morning a very easy thing to do. I also am so appreciative of how hard and with so much passion, my fellow staff members work each and every day.”

Wayne Burnett, MSPT

Senior Physical Therapist- Outpatient
Erie County Medical Center

Letters from our Patients

To all my nurses on floor 6 surgical unit and to my doctors, specialists and nutritionist:

I wanted to personally thank you all for taking such good care of me. And because some of you are not here today to say goodbye I thought this was the best way to do so.

I will forever be grateful for your kindness, strength and empathy that you have shown me during my stay here at ECMC. Thank you for your tremendously big hearts and helping me get through this. You pushed me further when I thought I couldn't take another step. You helped me through my pain and some of my fears. You were not only here for my medical needs, but you were also here for my emotional needs. Thank you for fighting for me when I needed someone to fight for me and reassuring me when I needed reassurance.

I couldn't have asked for anyone better to take care of me. You guys are the best! Keep doing what you are doing (and) don't let anyone make you feel you are doing less than what you are. Wishing you lots of love and happiness.

Sincerely,

Doreen, ECMC Patient
