

our passion  our patients

## My passion...

*“I am passionate about providing excellent care to individuals during a difficult and vulnerable time in their lives. When patients come to us they are often scared, worried and in pain. The subacute rehab team is committed to providing comfort and reassurance to our patients during their time of need. It is a privilege to be a part of their healing and recovery.”*

**Sarah Root, RN, BSN**

*Nursing Team Leader*

*Naval Park at Terrace View LTCF*

## Letters from our Patients

Once again -- a great experience at ECMC!

I attached the survey but wanted to call out a few people:

- Cindy, who was in recovery, was excellent.
- Melissa and Amanda from the morning shift.
- Haley and Eric (on night shift) were fantastic.
- The orthopedic floor was beautiful, and Ryan, the physical therapist, and his student, were very patient.
- The nursing staff was phenomenal.

Thank you again for a great staff.

*Mary Jane, ECMC Patient*
