

our passion  our patients

My passion...

“My Passion is my Mission. Conveying and displaying God’s love to all people is what I was created for. Serving our patients and their loved ones during often very difficult circumstances helps to support ECMC’s clinical staff as they mend the body while we strengthen the soul.”

Chaplain Garney Davis Jr.
Pastoral Care

Letters from our Patients

I would like to thank all nurses listed including Dylan, Shannon, Kristy, Bobby, Leandra and Santosha for their love, respect, prompt response, professional behavior, guidance, support, understanding, social skills and for everything that helped me get better. I highly recommend that the administration department of this hospital fully recognize all the listed nurses for their help. Thanks to all staff on 6 zone 2 for the successful teamwork that got me to my discharge.

Robert, Patient

I appreciate all the staff did to help my husband during his prolonged hospital stay. They are all very kindhearted and attentive to patient needs. They answered my questions concerning Robert’s treatment and they made me and my service dog, Riley, feel welcome. I am very grateful for everything that they did to help all three of us.

Wife of patient, Robert
