MESSAGE FROM THE LEADERSHIP OF ECMC CORPORATION

On behalf of the over three thousand employees and many hundreds of others who work each day at one of the numerous facilities of Erie County Medical Center Corporation (“ECMC Corporation” or the “Corporation”), it is our pleasure to present this 2018 Annual Report. Like years past, 2018 was a record-setting period for the Corporation by several different measures.

With more patients choosing ECMCC than ever before, our institution recorded another historic year of caring for Western New York. This is a testament to the incredible ECMCC caregivers that live the values and culture of True Care, demonstrating that the patient always comes first and is our single most important focus.

As we proceed into the Corporation’s second century, we are grateful for the opportunity to serve as the region’s only adult Level 1 Trauma Center, burn center, center of excellence in transplantation, and behavioral health, helping patients from the most influential to the most vulnerable. In 2018, the Corporation completed capital improvements to facilities housing the region’s only Comprehensive Psychiatric Emergency Program while pursuing the construction of a new, state-of-the-art Emergency Department and Trauma Center as well as the construction of a larger and more welcoming Russel J. Salvatore Atrium at the main entrance to its Grider Street Campus. In short, the Corporation is proud of its past and preparing for its future.

Late in 2018, the Corporation initiated a community conversation concerning the future use of several parcels of land surrounding the ECMCC Grider Street health campus. Through a collaboration with University at Buffalo students and faculty, the Corporation is studying the future use of several parcels on Grider Street as well as a 17-acre lot on Fillmore Avenue, formally known as Kensington Heights.

The Corporation has enjoyed a very productive relationship with Kaleida Health for many years, and 2018 was no exception. After two years of effort with caregivers, administrators and others, Kaleida Health and the Corporation launched Great Lakes Cancer Care in October 2018. As well, Kaleida Health and the Corporation entered into a new relationship with 5-Star Urgent Care, combining the Corporation and Kaleida’s share of MASH Urgent Care Centers with those of 5-Star Urgent Care, growing our footprint to provide these services throughout Western New York. Kaleida Health and the Corporation also initiated efforts in 2018 to improve health care quality, procurement and information technology services.

For the first time, 2018 inpatient hospital visits exceeded 20,000 and Emergency Department visits exceeded 70,000. Record hospital activity included: 6.7 percent increase in inpatient discharges in 2018 (20,558) versus 2017 (19,260); total surgeries increased 5.7 percent, with outpatient surgeries increasing by 11 percent over 2017, continued strong growth in head and neck surgeries (22 percent increase), ENT surgeries (13 percent increase), orthopaedic surgeries (11 percent increase), and kidney transplants (144 transplants in 2018 versus 138 transplants in 2017). Additional growth occurred in the hospital’s outpatient clinics, including the Center for Occupational and Environmental Medicine (71.7 percent growth), Neurology (46.9 percent growth), Urology (34.7 percent growth), Cardiology (20.2 percent growth) and Primary Care (16.3 percent growth). The Corporation’s Department of Rehabilitation Services experienced inpatient admissions and outpatient services increases in 2018 of 6.5 percent. Total outpatient services increased 2 percent in 2018 to 307,854.

In short, the Corporation cared for more and sicker patients than at any time in the 100 years that health care has been delivered at its facilities. As the accompanying financial information attests, the

Corporation provided these services while maintaining the appropriate oversight of the public assets it is responsible for operating.

As the national healthcare landscape continues to evolve and change, the ECMCC workforce remains committed to providing the highest quality care, while incorporating programs and initiatives that support sustainability and reliability. The men and women working for the Corporation everyday are joined by community leaders and others that enable and encourage the Corporation to identify and meet the challenges that lie ahead. On behalf of all of us, we are humbled to serve this community.

Sincerely,

Thomas J. Quatroche Jr., PhD
President & Chief Executive Officer

Jonathan A. Dandes
Chair, Board of Directors

William J. Flynn Jr., MD FACS
President, Medical Executive Committee

CERTIFICATION

The financial reports submitted in this Annual Report have been approved by the Board of Directors of the Erie County Medical Center Corporation and are hereby certified, as indicated by signatures below, by the Chief Executive Officer and Chief Financial Officer.

Specifically, the undersigned certify, based on our knowledge and information provided to us that the financial reports and the information provided therein (1) are accurate, correct and do not contain any untrue statement of material fact; (2) do not omit any material fact which, if omitted, would cause the financial statements to be misleading in light of the circumstances under which such statements are made; and (3) fairly present, in all material respects, the financial condition and results of operations of the Erie County Medical Center Corporation as of, and for, the year ended December 31, 2018.

Respectfully submitted,

Thomas J. Quatroche, Ph.D.
President and Chief Executive Officer

Stephen M. Gary Sr., CPA, CGMA
Chief Financial Officer

ECMCC MISSION STATEMENT

MISSION

To provide every patient the highest quality of care delivered with compassion.

VISION

ECMC WILL BE A LEADER IN AND RECOGNIZED FOR:

- High quality family centered care resulting in exceptional patient experiences.
- Superior clinical outcomes.
- The hospital of choice for physicians, nurses, and staff.
- Strong collaboration with community partners to improve access to healthcare and the quality of life and vitality of the region.
- Academic affiliations that provide the best education for physicians, dentists, nurses, and other clinical staff.

CORE VALUES

ACCESS

All patients get equal care regardless of their ability to pay or source of payment. We address the healthcare needs of each patient that we can appropriately serve, without bias or pre-judgment.

EXCELLENCE

Excellence is a standard that will never be lowered; there is an expectation of excellence in all areas.

DIVERSITY

We recognize the importance and value of diversity and the enrichment that diversity can bring to ECMCC.

FULFILLING POTENTIAL

We respect the value and potential of each individual as offering a significant contribution to the good of the whole organization. Personal growth and development is important for organizational success.

DIGNITY

Each individual, no matter his or her limitations, background or situation, has intrinsic dignity and unique capabilities.

PRIVACY

We honor each person's right to privacy and confidentiality.

FAIRNESS and INTEGRITY

Equity and fairness are guidelines for all decision-making. We demand personal and institutional integrity.

COMMUNITY

In accomplishing our mission we remain mindful of the public's trust and are always responsive to the immediate surrounding community and our natural environment. This commitment represents both our organization and us as individuals. A successful future for ECMCC depends on a vibrant community and a healthy environment.

COLLABORATION

Collaboration with other organizations is beneficial within the context of our mission and is fundamental to achieving our goals.

COMPASSION

All involved with ECMCC's service delivery demonstrate caring, compassion, and understanding for patients, employees, volunteers, and families.

STEWARDSHIP

We can only be successful in carrying out our mission through solid financial performance and by assuring that resources provided to us are used effectively, in the way they were intended, and for the benefit of our patients and community.

The difference between healthcare and true care™

2018 ACCOMPLISHMENTS

February

- ECMC received the national the national **Women's Choice Award®** for both Bariatrics and Orthopaedics. The Bariatric Surgery award signifies that ECMC is in the top 9% of 4,812 U.S. hospitals reviewed. The Orthopaedics award signifies that ECMC is in the top 11% of 3,230 U.S. hospitals offering orthopaedic services.

April

- **ECMC verified as a Level 1 Trauma Center** by the Verification Review Committee (VRC), an ad hoc committee of the Committee on Trauma (COT) of the **American College of Surgeons (ACS)**. This achievement recognizes ECMC's dedication to providing optimal care for injured patients. Established by the American College of Surgeons in 1987, the COT's Consultation/Verification Program for Hospitals promotes the development of trauma centers in which participants provide not only the hospital resources necessary for trauma care, but also the entire spectrum of care to address the needs of all injured patients. This spectrum encompasses the prehospital phase through the rehabilitation process.
- Successful 5-year reaccreditation by **The Centers for Medicare and Medicaid Services (CMS)**, part of the Department of Health and Human Services (HHS) of Transplant program, housed in ECMC's Regional Center of Excellence for Transplantation and Kidney Care.
- **The Centers for Medicare and Medicaid Services (CMS)**, part of the Department of Health and Human Services (HHS) conferred Three Stars on ECMC's Outpatient Dialysis services.

May

- Medical Intensive Care Unit (MICU) presented silver-level **American Association of Critical Care Nurses (AACN) Beacon Award for Excellence**, which is a three-year designation highlighting the Unit's achievement of exceptional care through improved outcomes and greater overall patient satisfaction.
- The **American College of Health Care Administrators (ACHCA)** honored Anthony DePinto, Administrator of ECMC's Terrace View Long-Term Care Facility with the 2018 Eli Pick Facility Leadership Award.
- **NYS Department of Health Commissioner**, based on American College of Surgeons' recent verification of ECMC as Level 1 Trauma Center, designates ECMC as a Level 1 Adult Trauma Center, stating "This is a significant achievement not only for your institution and for the New York Trauma system as a whole, but for the community you serve."
- ECMC received **the American Heart Association/American Stroke Association's Get With The Guidelines®-Stroke Gold Plus Quality Achievement Award**. The award recognizes the hospital's commitment and success in ensuring stroke patients receive the most appropriate treatment according to nationally recognized, research-based guidelines based on the latest scientific evidence.

- Synergy Bariatrics / Center for Bariatric and Metabolic Surgery has been accredited for a second consecutive three-year period as a “Comprehensive Center” under the **Metabolic and Bariatric Surgery Accreditation and Quality Improvement Program (MBSAQIP®)** – a joint program of the American College of Surgeons (ACS) and the American Society for Metabolic and Bariatric Surgery (ASMBS). This accreditation extends from 3/27/18 to 3/27/21.

June

- **CARF International** (Commission on Accreditation of Rehabilitation Facilities) awarded three-year accreditation to ECMC’s Acute Inpatient Rehabilitation Unit.

July

- **New York State Office of Alcoholism and Substance Abuse Services (OASAS)** re-issued full, three-year operating certificates ECMC’s inpatient and three outpatient chemical dependency treatment service locations.

September

- **U.S. Department of Health & Human Services (DOH) Centers for Medicare & Medicaid Services (CMS)** ranked ECMC’s Terrace View Long-Term Care Facility #1 in its Skilled Nursing Facility Value-Based Purchasing (VBP) Program out of 15,421 skilled nursing facilities (SNFs) nationwide.

October

- **Commission on Dental Accreditation (CDA)** for ECMC’s Advanced Education Program in General Practice Residency was “approv[ed] without reporting requirements.” The CDA visiting committee concluded that the program was in compliance with Commission on Dental Accreditation policies and procedures. Based on a review of the program’s outcomes assessment process and resident achievement measures, the visiting CDA committee found the program has demonstrated positive programmatic resident achievement outcomes through the American Board of General Dentistry Outcomes Assessment Examination, end-of-year evaluation of program by residents, resident evaluations, and graduating resident placement.

November

- **The Leapfrog Group**, an independent, national not-for-profit organization founded more than a decade ago by the nation’s leading employers and private health care experts, rated ECMC’s overall patient safety score at ‘B’. The Leapfrog patient surveys assess: medical errors, accidents, injuries, infections and patient experiences.
- **Annual Medicare/Medicaid survey by the NYS Department of Health** for Terrace View reported only 3 low-level care related deficiencies. This marks 5th year of improved survey scores and the best survey performance in the history of Terrace View.

December

- ECMC Hepatology Clinic at Erie County Medical Center (ECMC) presented the **New York State Department of Health Commissioner’s Special Recognition Award**. The award recognizes individuals or teams in New York State committed to eliminating hepatitis C by promoting testing, ensuring timely linkage to care and improving access to hepatitis C care, treatments and cures.

2018 PERFORMANCE GOALS/OUTCOMES

Goals

- Continue High Reliability Zero Harm Focus
- Accreditations
 - OASAS
 - ACS Trauma
 - Bariatrics ACS
- Implement GLH Quality Initiatives
- Lead State and Local Initiatives for Patient Experience
- Improve Patient Food Service
- Create Clinically Integrated Network with Kaleida Health
- Initiate Pilot Programs with Payers (Gainsharing, Bundle, DSRIP, etc)
- Target GPO Consolidation and Supply Chain
- Execute IT Collaboration Implementation Plan (Cyber Security, EMR) w/ Kaleida Health
- Develop Oncology Coordination and Marketing
- Implement Capital Campaign - \$15 Million
- Create Strategy Department
 - GLH, DSRIP, Payors
 - Fee for service to Value Based Purchasing, etc.
- Launch HRIS – Phase 1 Implementation
- Advance Observation Unit Construction
- Prioritize Physician Recruitment
 - Psychiatry
 - Thoracic
 - Nephrology
 - Urology
 - Primary Care

Outcomes

1. Quality

Leapfrog B

Accreditations

- Level 1 Trauma Center by Verification American College of Surgeons.
- 5-year reaccreditation by Centers for Medicare and Medicaid Services of ECMC Transplant program.
- Synergy Bariatrics / Center for Bariatric and Metabolic Surgery accredited for a second consecutive three-year period as a “Comprehensive Center” under the Metabolic and Bariatric Surgery Accreditation and Quality Improvement Program (MBSAQIP®) – a joint program of the American College of Surgeons (ACS) and the American Society for Metabolic and Bariatric Surgery (ASMBS).
- CARF International (Commission on Accreditation of Rehabilitation Facilities) awarded three-year accreditation to ECMC’s Acute Inpatient Rehabilitation Unit.
- New York State Office of Alcoholism and Substance Abuse Services (OASAS) re-issued full, three-year operating certificates ECMC’s

inpatient and three outpatient chemical dependency treatment service locations.

- Commission on Dental Accreditation (CDA) for ECMC's Advanced Education Program in General Practice Residency was "approv[ed] without reporting requirements."

Implement GLH Quality Initiatives – VP Quality and Patient Safety Physician

2. Operations

Volume Goals:	<u>Goal</u>	<u>Outcome</u>
Inpatient	↑3.3%	↑3.9%
Outpatient visits	↑2.8%	↔2.0%
Surgeries	↑1.0%	↑5.7%
Behavioral Health	↔	↑14.5%

Revenue Goals:

\$10 Million Revenue Cycle Improvement (\$4.6 M)

\$642.4 Million Total Revenue (\$677 M)

Capital Campaign - \$10 Million

Strategy Department – Hired Chief Strategy Officer

HRIS – In Process

Observation Unit Construction Completed

Clinically Integrated Network – GLIN Created

Pilot Programs with Payers – Bundles Signed, Gain Sharing Implemented

GPO Consolidation and Supply Chain- Premiere

Oncology Coordination and Marketing – Great Lakes Cancer Care

Physician Recruitment

Total=77

Internal Medicine (21), Radiology (7), Urology (10), Psychiatry (6), Orthopaedic Surgery (5), Surgery (4), Anesthesia (3), Nephrology (3), Pathology (3), Thoracic/Cardiovascular Surgery (3), Dentistry (2), Emergency Medicine (2), Neurology (2), Neurosurgery (2), Oral and Maxillofacial Surgery (1), Plastic and Reconstructive Surgery (1), Primary Care (1), & Rehabilitation Medicine (1).

IT Collaboration Efforts with Kaleida Health:

Application Consolidation Strategy.

Inventory of all applications and associated resources across Great Lakes Health.

Identify common applications that can be consolidated and/or hosted in a single data center.

Develop long-term plan for process and application version standardization.

Web Team Process Improvement.

Introducing web development team to ECMC resources to collaborate on best practices and process improvement.

3. Patient Experience

Improved Global Rating of Overall Hospital to 70%
Improved Patient Food Service – Metz Culinary Management
CPEP Advisory Committee Established

2019 PERFORMANCE GOALS

- **Exceptional Quality-** Raise the standard of clinical care to improve quality, patient safety and patient experience in the acute care and ambulatory environments.
- **Performance Improvement-** Generate the margin necessary to meet our budgetary goals by lowering ECMC's overall cost position, reducing length-of-stay, and enhancing revenue cycle performance.
- **Cultural Identity-** Preserve ECMC's strong cultural identity while further instilling a sense of urgency and genuine stewardship to achieve our organizational objectives.
- **Targeted Growth-** Identify accretive growth opportunities in elective services that leverage our strength and fit within our OR and bed capacity constraints.
- **Ambulatory Network-** Buy, build or partner to establish lower-cost and convenient access points across the region, including ambulatory surgery capabilities and primary care access.
- **Risk-** Transition from DSRIP to Medicaid risk contracts whereby ECMC is responsible for managing overall healthcare spend and quality for a large portion of WNY's Medicaid population.
- **Address Community Needs-** Through partnerships and targeted investments, address the significant social determinant of health issues that impact the communities surrounding ECMC.
- **Kaleida Partnership-** Further increase interconnectivity between Kaleida and ECMC by elevating the roles of Great Lakes Integrated Network and GPPC while continuing to align key hospital-based functional areas.
- **Campus Transformation-** Address the significant deferred maintenance issues in our core facility, expand surgical and acute care capacity, and integrate the development of the adjacent Kensington Heights property.
- **Academic Alignment-** Transform the University of Buffalo relationship, both clinically and academically, to solidify ECMC as a primary academic medical center to train and retain our next generation of clinicians.

CAPITAL PROJECTS

Project	Project Duration	Expenditure Through 2018

INTERNAL CONTROL STRUCTURE AND PROCEDURES

Assessment of Effectiveness of Internal Controls

New York State Public Authority Reporting System (PARIS)

Erie County Medical Center Corporation

At and For the Year Ended December 31, 2018

The evaluation of the system of internal control is an ongoing process conducted throughout the year by myself in the capacity as the Chief Financial Officer of the Erie County Medical Center Corporation (ECMCC). In this ongoing process there is engagement and oversight by the Audit Committee of the Board of Directors with support, advice and assistance provided by the Chief Executive Officer, The Chief Operating Officer, the General Counsel and a robust internal audit function.

The conclusions of the ongoing assessment were that no control deficiencies, significant deficiencies or material weaknesses, collectively as defined in generally accepted auditing standards, in internal controls were identified, however, performance improvement opportunities to enhance internal control were identified and implemented.

Based on my ongoing assessment, the work of the internal audit function and the work of the independent audit firm for ECMCC there is an effective system of internal control to safeguard assets and to assure that transactions are properly authorized.

CONFIDENTIAL EVALUATION OF BOARD PERFORMANCE

Evaluation Tool: Completed on _____

Criteria	Agree	Somewhat Agree	Somewhat Disagree	Disagree
Board members have a shared understanding of the mission and purpose of ECMCC.				
The policies, practices and decisions of the Board are always consistent with this mission.				
Board members comprehend their role and fiduciary responsibilities and hold themselves and each other to these principles.				
The Board has adopted policies, by-laws, and practices for the effective governance, management and operations of ECMCC and reviews these annually.				
The Board sets clear and measurable performance goals for ECMCC that contribute to accomplishing its mission.				

The decisions made by Board members are arrived at through independent judgment and deliberation, free of political influence or self-interest.				
Individual Board members communicate effectively with executive staff so as to be well informed on the status of all important issues.				
Board members are knowledgeable about ECMCC's programs, financial statements, reporting requirements, and other transactions.				
The Board meets to review and approve all documents and reports prior to public release and is confident that the information being presented is accurate and complete.				
The Board knows the statutory obligations of ECMCC and if ECMCC is in compliance with state law.				
Board and committee meetings facilitate open, deliberate and thorough discussion, and the active participation of members.				
Board members have sufficient opportunity to research, discuss, question and prepare before decisions are made and votes taken.				
Individual Board members feel empowered to delay votes, defer agenda items, or table actions if they feel additional information or discussion is required.				
The Board exercises appropriate oversight of the CEO and other executive staff, including setting performance expectations and reviewing performance annually.				
The Board has identified the areas of most risk to ECMCC and works with management to implement risk mitigation strategies before problems occur.				
Board members demonstrate leadership and vision and work respectfully with each other.

PRIMARY CORPORATION

Erie County Medical Center Corporation

The ECMC Corporation was established as a New York State Public Benefit Corporation and since 2004 has included an advanced academic medical center with 573 inpatient beds, on- and off-campus health centers, more than 30 outpatient specialty care services and Terrace View, a 390-bed long-term care facility. ECMC is Western New York's only Level 1 Adult Trauma Center, as well as a regional center for burn care, behavioral health services, transplantation, medical oncology and head & neck cancer care,

rehabilitation and a major teaching facility for the University at Buffalo. Most ECMC physicians, dentists and pharmacists are dedicated faculty members of the university and/or members of a private practice plan. More Western New York residents are choosing ECMC for exceptional patient care and patient experiences – the difference between healthcare and true care™.

ECMC Corporation Employees: 3,746

SUBSIDIARY INFORMATION

PPC Strategic Services LLC

ECMC Corporation is the sole owner of this enterprise, which was established to enable the Corporation to enter into various other business relationships, and to provide management services to them, as needed. The accounts of PPC Strategic Services LLC are consolidated into the accounts of the Corporation as of, and for the years ended, December 31, 2018 and 2017, respectively.

The assets of PPC Strategic Services LLC consist of cash totaling approximately \$58 thousand at year-end 2018. Net Position was approximately \$58 thousand at December 31, 2018, and \$1.9 million at the previous year-end. Operating Revenue was approximately \$1.3 million while expenses totaled \$3.2 million.

PPC Strategic Services LLC (formerly named ECMCC Strategic Services, LLC) owns Greater Buffalo Niagara SC Venture, LLC, a presently inactive entity. The ownership interest is accounted for utilizing the equity method of accounting.

The sole member of this entity is Erie County Medical Center Corporation.

Employees: 35

Grider Community Gardens, LLC

This entity is wholly owned and controlled by the Corporation. The Corporation's net investment as of December 31, 2018 and 2017 is approximately \$488 thousand and \$508 thousand, respectively, and is reflected in other non-current assets of the parent company's financial statements.

The sole member of this entity is Erie County Medical Center Corporation.

Employees: None

Grider Support Services, LLC

This entity was formed to act as a Management Services Organization ("MSO") for oncology and physician services for ECMC Hospital. The entity acts as a pass through entity, and has no substantial assets or liabilities, or significant operating results. Its activity is consolidated into ECMC Corporation operations.

The sole member of this entity is Erie County Medical Center Corporation.

Employees: 8

1827 Fillmore LLC

This entity was formed to enter into a contract for purchase of real estate adjacent to the current health campus for the purpose of future development. Its activities are consolidated into ECMC Corporation.

Net position for 2018 is \$104 Thousand

The sole member of this entity is Erie County Medical Center Corporation.

Employees: None

Independent Auditor's Report

RSM US LLP

To the Board of Directors
Erie County Medical Center Corporation

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component units of Erie County Medical Center Corporation (the "Corporation"), a component unit of the County of Erie, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of ECMC Foundation, Inc., The Grider Initiative, Inc., and Research for Health in Erie County, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component units of Erie County Medical Center Corporation as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As disclosed in Note 10 to the financial statements, the Corporation restated net position at January 1, 2018 by \$284,568,043. The restatement was required to be made for the implementation of GASB Statement No. 75 – *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which is applied retroactively by restating beginning net position. Our opinion is not modified with respect to this matter.

Other Matter*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 3-11 as well as the required supplementary information data on pages 45-47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2019 on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

**Management's Discussion and Analysis
December 31, 2018
(Dollars in Thousands)**

Management's Discussion and Analysis

The Corporation is considered a discrete component unit of the County of Erie, New York with its mission to provide every patient the highest quality of care delivered with compassion. The Corporation fully embraces and is proud to serve as the safety net provider for supporting persons in need who lack the ability to pay for the greater western region of New York State.

To assist the reader in understanding the operations of the Corporation, this required annual report has been organized into three parts that should be read together:

- Management's discussion and analysis
- Financial statements and notes to the financial statements and
- Supplemental schedules

Management has prepared this discussion and analysis providing an overview of the financial position and results of activities of Erie County Medical Center Corporation (the Corporation or ECMCC) as of and for the year ended December 31, 2018. The purpose of the discussion and analysis is to provide the reader with objective data to evaluate the Corporation. This narrative and the financial statements and footnotes, are the responsibility of the Corporation's management.

The financial statements (the statement of net position, the statement of revenues, expenses and changes in net position and the statement of cash flows) present financial information in a form similar to that used by other government hospitals and have been prepared in accordance with accounting principles generally accepted in the United States of America.

The accompanying financial statements of the Corporation include financial data of the Corporation's component units (i) ECMC Foundation, Inc. (ii) The Grider Initiative, Inc. and (iii) Research For Health in Erie County, Inc., however, Management's Discussion and Analysis focuses on the Corporation.

Introduction

During 2018, the Corporation was proud to celebrate its 100 year anniversary and the 5th anniversary of the opening of Terrace View, its long-term care facility. The Corporation also broke ground on a new Level 1 Trauma Center and Emergency Department, conducted a naming ceremony for its dialysis center and medical office building and began construction of its new lobby to be named for local philanthropists and long-time supporters of the Corporation. The culture and family of dedicated caregivers, support staff, leadership and a dedicated Board of Directors continue to advance the mission of the Corporation, its service to the greater Western New York area, and its ability to achieve these milestones. The Corporation is becoming the provider of choice in Western New York, as demonstrated by volume growth and other indicators discussed later in this narrative, by its continual focus on quality, patient satisfaction and physician engagement. In this context, we are proud to present the following discussion and analysis.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Management's Discussion and Analysis
December 31, 2018
(Dollars in Thousands)

Operations Analysis

The Corporation completed calendar year 2018 providing another year of record levels of services to Western New York residents and, given its unique services, to many others beyond this region. Significant volumes of patient encounters (not expressed in thousands) are as follows:

	2013	2014	2015	2016	2017	2018	% Increase 2013 - 2018
Inpatients	16,316	17,789	18,378	18,839	19,260	20,555	26.0%
Surgeries	12,714	13,360	14,364	14,552	14,818	15,315	20.5%
Emergency	64,698	66,418	67,296	69,290	68,862	70,110	8.4%
Outpatients	253,781	295,676	305,737	316,691	314,927	321,661	26.7%
Dialysis	21,350	22,224	24,617	27,291	24,772	25,063	17.4%

The favorable growth reflects the trust that the Western New York community, our physicians and our employees placed in ECMCC and has translated into favorable financial results. Notable achievements in 2018 include:

- Verified Level 1 Trauma Center status from the American College of Surgeons
- Achieved National Committee for Quality Assurance (NCQA) Patient Centered Medical Home, Level 3, status.
- Centers for Medicare & Medicaid Services (CMS) 4-star designation for Terrace View.
- Commission on Accreditation of Rehabilitation Facilities (CARF) and American Association of Blood Banks (AABB) certifications/accreditation for rehabilitation and blood banks, respectively.
- A B rating by Leapfrog.
- Greater than 250 Nursing Daisy Award nominations, including 3 national nominations.
- Many community outreach activities including: mobile mammography coach, Let's Not Meet by Accident Program, and Opiate Addiction collaborative.
- Minority and Women Owned business participation rate of 31%.
- Consistent with ECMCC's goals of a high reliability organization and zero harm improvements were realized in fall prevention rates, hospital acquired infection rates, surgical site infection rates and re-admission rates.
- Conducted 14 different staff training programs with a total of 801 participants.
- Recruitment of 77 new physicians to the Medical Staff across 18 disciplines.
- Improvement in all CMS measured value based purchasing domains.
- Improvements in safe patient handling, resulting in a reduction of employee injury and workers' compensation claims.
- Established a dedicated Diversity and Inclusion Department in support of workforce development.

In addition to the favorable financial results and health care quality of the Corporation, the first-ever capital campaign to raise funds for a new Level 1 Adult Trauma Center and Emergency Department, saw continued growth in pledges, now exceeding \$10,000. ECMC Foundation, Inc., the Corporation's principal fundraising entity completed another year with record levels of attendance at signature events including: The Springfest Gala, October breast cancer awareness month, its annual golf tournament and other events. Of particular note, employee participation in annual fundraising more than tripled from 2015 to 2018.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Management's Discussion and Analysis
December 31, 2018
(Dollars in Thousands)

Operations Analysis (Continued)

Adoption of GASB 75 – Post-Employment Benefits Other Than Pensions (OPEB)

The Corporation adopted Governmental Accounts Standards Board (GASB) Statement No. 75 - *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective January 1, 2018. The pronouncement replaced the requirements of GASB 45 and required the cumulative effect of the change on all prior periods to be recognized as a charge against net position, which amounted to \$284,568. Further information related to this matter is discussed in Note 10 to the financial statements.

Financial Metric Analysis

The Corporation's total net position decreased in 2018 as a result of the adoption of GASB 75 referenced above and increased as a result of favorable key operating activities previously discussed, leading to favorable results from operations as further discussed below.

Comparative financial ratios for the Corporation to the 2017 (most recent publicly available audited data) average of NYS Public Benefit Corporation (PBC) hospitals are presented in the following table. The financial statements used for the calculation of the following ratios, where appropriate, have been reclassified to conform to the presentation used in the development of the benchmarks, consistent with GAAP for entities not subject to GASB standards.

	ECMCC			PBC
	2018	2017	2016	Average 2017
Operating margin	0.6%	0.5%	0.3%	-5.2%
Operating cash flow margin	6.0%	6.2%	6.3%	0.7%
Debt service coverage	3.1	4.1	2.1	0.7
Days cash on hand	112.1	101.5	67.8	58.4
Days in accounts receivable	61.5	69.1	50.3	37.8
Average age of plant	14.1	12.8	11.8	18.0

The financial ratios reflect continuous improved results of operations and generally favorable performance compared to NYS Public Benefit Corporation Hospitals. Days cash on hand increased as a result of favorable operating performance, Care Restructuring Enhancement Pilot (CREPS) Program grant proceeds and the collection of both cyber insurance and third party reimbursement settlements from prior years. Days in accounts receivable decreased by 7.6 days (11%) due to a 5% growth in average daily revenue and resolution of aged accounts due to the April 2017 malware attack. Average age of plant increased by 1.3 years as a result of depreciation in excess of routine asset replacements due to a major focus on the construction projects noted above.

Summary Financial Statements with Analysis

Management is providing the following summary financial statements and variance analysis for certain financial statement lines where it believes the readers understanding of the financial statements is enhanced.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Management's Discussion and Analysis
December 31, 2018
(Dollars in Thousands)

Statement of Net Position

Net position is categorized as follows:

Net investment in capital assets: Consists of capital assets, net of accumulated depreciation and reduced by outstanding debt and deferred inflows and outflows of resources that are attributable to the acquisition, construction or improvement of those assets.

Restricted: Result when constraints placed on the use of the net position are either externally imposed by creditors, grantors, contributors, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted: Represents the resources derived primarily from services rendered to patients and other operating revenues and not meeting the previously listed criteria. These resources are used for transactions related to the general healthcare and academic operations of the Corporation, and may be used at the discretion of the Board of Directors to meet current expenses for any purpose.

Condensed Statements of Net Position are as follows:

	2018	2017	2018-2017	
			\$ Change	% Change
Assets				
Current assets, excluding assets whose use is limited	\$ 232,303	\$ 245,064	\$ (12,761)	(5.2)
Assets whose use is limited	246,049	244,174	1,875	0.8
Capital assets, net	265,542	248,005	17,537	7.1
Other assets	26,854	32,141	(5,287)	(16.4)
Total assets	770,748	769,384	1,364	0.2

**Erie County Medical Center Corporation
(A Component Unit of the County of Erie)**

**Management's Discussion and Analysis
December 31, 2018
(Dollars in Thousands)**

Statement of Net Position (Continued)

Overall, total assets and deferred outflows of resources increased \$21,363 from 2017 to 2018.

The following variances in total assets are noteworthy:

Total current assets, excluding the current portion of assets whose use is limited, decreased by \$12,761 due to the following:

- Cash, cash equivalents and investments decreased by \$2,044.
- Patient accounts receivable, net, decreased by \$6,687 as a result of collection efforts associated with the April 2017 malware attack as further discussed later in this document. Increases in volumes noted earlier contributed to a 5.4% growth in average daily revenue and accounts receivable.
- Other receivables increased by \$3,851 which is due to a \$29,559 increase in Medicaid DSH and UPL program receivables offset by a \$16,040 decrease of the CREPS Program grant receivable and \$10,000 due to collection of proceeds from the cyber insurance claim accrued in 2017, \$3,082 decrease in inventory, prepaid expenses, health insurance rebates and other receivables.
- Assets whose use is limited, including current portion, increased by a net of \$1,875, which is due to an increase of \$25,891 due to receipt of DSRIP grant funds offset by a \$14,412 decrease from the use of proceeds from the 2018 financing for various construction and renovation projects and capitalized interest during construction, \$1,703 due to decreased reserve account funding for actuarial liabilities, a \$3,964 decrease in debt service reserve funds, and \$3,930 decrease in collateral held for workers compensation claims.
- Capital assets, net, increased by \$17,357 due to investments in new capital assets being greater than depreciation expense. Significant investments in capital assets are summarized in a following section.
- Other assets decreased by \$5,287 largely as a result of decreases in investments in joint ventures.

Overall, total liabilities and deferred inflows increased \$304,911 and net position decreased \$283,548 from 2017.

The following variances in total liabilities are noteworthy:

Total current liabilities increased by \$28,064 due to the following:

- Accounts payable and accrued salaries and benefits increased by \$18,780 due to timing of payments, \$5,255 of which was related to capital asset acquisitions.
- Other accrued liabilities increased by \$10,386 largely as a result of an increase in payables to affiliated organizations.
- Unearned revenue increased by \$13,508 due to receipt of CREPs grant funds.
- Estimated net third party liabilities decreased by \$15,249 as a result of settlements on prior year payables.
- A decrease in the net pension liability was recognized in 2018 in the amount of \$46,867 due to changes in actuarial assumptions made by and investment performance of the New York State and Local Retirement System (NYSLRS) further described in Note 9.
- The long-term portion of self-insured obligations decreased by \$8,161 due to favorable claims expense and changes in actuarial estimates for self-insured retentions for malpractice and workers' compensation claims greater than payments made on those claims. The current portion of self-insured obligations is unchanged.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Management's Discussion and Analysis
December 31, 2018
(Dollars in Thousands)

Statements of Net Position (Continued)

- The liability for OPEB increased by \$228,253 due to the adoption of GASB 75 and changes to actuarial assumptions required by that standard, as further discussed in Note 10.
- Net position decreased by \$284,568 due to the adoption of GASB 75 and increased by \$1,020 due to favorable operations results and capital contributions.

Statements of Revenues, Expenses, and Changes in Net Position

Condensed Statements of Revenues, Expenses and Changes in Net Position are as follows:

	2018	2017	2018-2017	
			\$ Change	% Change
Net patient service revenue	\$ 529,548	\$ 506,842	\$ 22,706	4.5

Statement of Revenues, Expenses, and Changes in Net Position (Continued)

Overall, operating revenues increased by \$13,659 or 2.1% in 2018 with increases attributable to the following:

- Net patient service revenue increased \$22,706, or 4.5% in 2018. Volumes increased across multiple lines of business, as presented in the table in the section entitled "Operations Analysis".
- DSH increased by \$4,660 or 6.9%, in 2018 as a result of an increase in uncompensated care cost for services provided.
- Other operating revenue decreased by \$8,760, or 19.1%, in 2018, principally as the result of \$10,000 in insurance proceeds from the April 2017 malware attack being recognized in 2017, offset by an income of \$2,400 in CREPs grant revenue and \$1,960 in other grant or other operations revenues.

Operating expenses increased \$13,432 or 2.1%, in 2018. Expense increases are attributable to the following:

- Payroll and employee benefit expenses have decreased by \$13,715 or 4.0% as the net result of increases in staffing levels due to the aforementioned volume increases, increased payroll and other taxes as a result of that growth, wage increases associated with collective bargaining agreements, increased active employee and retiree health insurance expense offset by the impact of the adoption of GASB 75 on that expense, favorable investment performance by the New York State Retirement System, resulting in a decrease in pension expense and efforts to improve workers' compensation claims experience. Salaries and employee benefit expense decreased by 3.2% of total operating revenue, from 53.3% in 2017 to 50.1% of total operating revenue in 2018.
- Supply expenses have increased from 16.5% of net patient revenue to 18.2% of net patient revenue due to increases in pharmaceuticals and an increase in surgical volumes.

Capital Assets, Net

At December 31, 2018, the Corporation had capital assets, net of accumulated depreciation, of \$265,542 compared to \$248,005 at December 31, 2017, representing an increase of \$17,537 or 7.1%.

The Corporation invested in the development of a new Level 1 Adult Trauma Center and Emergency Department, including its enabling projects (\$19,674) and a new main lobby (\$3,762). Construction of these projects began in 2017 and are scheduled to be completed in 2020. In addition, new pharmacy distribution system cabinets (\$2,044), various mechanical, electrical, plumbing and elevator initiatives (\$594), renovations to nursing units (\$1,952), a new dental clinic (\$771), and various facility infrastructure projects. Other additions to capital assets included other medical and non-medical equipment, software and furniture and fixtures.

Forward Looking Factors

Management has prepared the following forward looking factors to assist the reader in understanding the financial, economic and market factors impacting the Corporation.

Collective Bargaining Agreements

The Corporation operates under three collective bargaining agreements that cover substantially all employees. Corporation employees of the Civil Service Employee Association (CSEA) are covered by a contract negotiated in concert with Erie County, New York, which contains a sub-bargaining unit representing only Corporation employees. The agreement began in 2018 and runs through December 31, 2022. Registered Nurses (RNs) are covered under an agreement with the New York State Nurses Association (NYSNA). The current agreement was executed in September 2014 and expired on December 31, 2018. The renewal of this agreement is currently being negotiated. The Corporation's agreement with the American Federation of State, County and Municipal Employees (AFSCME), a contract negotiated in concert with the County of Erie, New York, and ratified with AFSCME employees in 2017 runs through December 31, 2022.

Transactions with the County of Erie

The Corporation is a component unit of the County of Erie, New York. The County has ongoing contractual and legal obligations to the Corporation and the Corporation has ongoing contractual and legal obligations to the County.

Health Reform Law

The status of Health Reform including the Health Reform Law continues to be debated through the date of this report, however the individual insurance mandate, a central tenant to the Health Reform Law was repealed as part of the Tax Reform Bill and signed into law in December 2017. The health care industry will continue to be subject to significant new statutory and regulatory requirements, and consequently, structural and operational challenges. In 2012, the U.S. Supreme Court altered certain aspects of the law. Certain other aspects of the law have been delayed through Executive Orders issued by the President of the United States.

Management of the Corporation is continually analyzing the various proposals being promulgated and the Health Reform Law to better understand its effect on current and projected operations, financial performance and financial condition. The Health Reform Law is complex and comprehensive, and includes a myriad of programs, initiatives and changes to existing programs, practices and laws.

**Management's Discussion and Analysis
December 31, 2018
(Dollars in Thousands)**

Delivery System Reform Incentive Payment (DSRIP)

On April 14, 2014, Gov. Andrew M. Cuomo announced that New York finalized terms and conditions of an agreement with the U.S. government that will allow New York State to reinvest \$8 billion in federal savings generated by Medicaid Redesign Team reforms. This program is known as the Delivery System Reform Incentive Payment (DSRIP) Program.

The Corporation was selected as one of the lead entities and has worked with others to form a Performing Provider System (PPS) to achieve the goals established in the waiver. As a result, the Corporation, and the PPS have been awarded a five (5) year grant which began April 1, 2015. Certain revenues and expenses associated with this effort, and the related receivables and payables, have been recognized in the financial statements.

The DSRIP program is designed to stabilize the state's healthcare safety-net system and to re-align the state's delivery system. The overarching goal of the DSRIP program is to help New York and its health care providers achieve the triple aim of improved population health, improved quality care, and controlled costs.

Reducing avoidable hospital admissions and avoidable emergency room visits by 25 percent over the next five years is the DSRIP program's ultimate objective. Secondly, the DSRIP program is expected to preserve and transform New York's fragile healthcare safety net, ensuring all Medicaid beneficiaries have access to vital services.

Successful execution of DSRIP-funded projects requires community-focused plans where population health and healthcare costs are addressed by hospitals working with other healthcare organizations such as Federal Qualified Health Centers (FQHCs), physician practices, Health Homes (HHs), and Skilled Nursing Facilities (SNFs). The expectation is to achieve savings by reducing avoidable hospitalizations and Emergency Department visits, requiring hospitals to "restructure themselves," reducing beds, strengthening outpatient and primary-care, and improving alignment with post-acute care settings.

In Western New York, the first step in this process was to form a group of nearly 400 health care partners led by the Corporation and known as Millennium Collaborative Care (MCC). In December 2014, MCC submitted its application for DSRIP program funding to begin the process of reform. Through 2018, the Corporation and MCC have worked diligently to achieve the goals established for the first four years of the grant.

Care Restructuring Enhancement Pilot (CREPS) Program Grant

The Corporation was awarded a grant under the CREPS Program administered by the New York State Department of Health. The total award amount is approximately \$97,260 over the period April 1, 2016 to March 31, 2020 in state fiscal year annual distribution amounts of \$43,930, \$30,010, \$13,320, and \$10,000, respectively. The Corporation is responsible for achieving certain goals of the CREPS Program in each year in order to qualify for the funding. The Corporation believes it has achieved all of the goals for years 1 and 2 and substantially all of the goals from year 3 of the program and has recognized related revenue in the amount of \$25,750 and \$23,330, in the 2018 and 2017 financial statements, respectively.

Contacting the Corporation's Financial Management

This financial report is designed to provide our community and creditors with a general overview of Erie County Medical Center Corporation's finances and to demonstrate the Corporation's accountability for the resources it receives. If you have any questions about this report or need additional financial information, contact the Chief Financial Officer, Erie County Medical Center Corporation, 462 Grider Street, Buffalo, New York 14215.

Note 1. Organization

The Corporation: Erie County Medical Center Corporation (referred to as the "Corporation" or "ECMCC") is a public benefit corporation created by the Erie County Medical Center Corporation Act, Chapter 143 of the Laws of New York State, 2003 (Title 6 of Article 10-C of the Public Authorities Law) (the "Act") as amended in 2016. The Corporation was created under the Act to secure a form of governance which permits the Corporation to have the legal, financial, and managerial flexibility to operate its health care facilities for the benefit of the residents of New York State (the "State"), the County of Erie (the "County"), and Western New York, including persons in need who lack the ability to pay.

The Corporation's "Health Care Facilities" consist of the Medical Center, a 573 bed acute tertiary care facility providing inpatient, emergency, outpatient, primary care and specialty clinic services (Medical Center), a 390-bed residential health care facility (Terrace View) both located on Grider Street in the City of Buffalo and three chemical dependency and alcohol rehabilitation clinics located throughout the County. The Corporation serves as the region's only Level 1 Adult Trauma Center, burn center, comprehensive traumatic brain injury and spinal cord injury rehabilitative center, Comprehensive Psychiatric Emergency Program provider for acute psychiatric emergencies, Regional Center of Excellence for Transplantation and Kidney Care, and is the primary provider of HIV inpatient and outpatient specialty care.

The Corporation has the power under the Act to acquire, operate, and manage its facilities and to issue bonds and notes to finance the costs of providing such facilities. The Act specifically provides that the Corporation's existence shall continue until terminated by law; provided, however, that no such termination shall take effect so long as the Corporation shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. The Corporation's primary purpose is the operation of the Medical Center and Terrace View, and its powers, duties, and functions are as set forth in the Act, as amended, and other applicable laws.

The Corporation qualifies as a governmental entity and, accordingly, is exempt from federal income tax pursuant to Section 115 of the Internal Revenue Code of 1986.

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended, the Corporation's financial statements are included, as a discretely presented component unit, in the County's Comprehensive Annual Financial Report (CAFR). A copy of the CAFR can be obtained from the Erie County Comptroller's Office, 95 Franklin Street, Room 1100, Buffalo, New York, 14202. The Corporation is subject to New York civil service law.

Governance: The Corporation is governed by its Board of Directors (the "Board") consisting of fifteen (15) voting directors, eight (8) of whom are appointed by the Governor of the State of New York and seven (7) of whom are appointed by the Erie County Executive with the advice and consent of the Erie County Legislature. There are four non-voting representatives, as well. The directors and non-voting members serve staggered terms and continue to hold office until their successors are appointed. Directors have experience in the fields of health care services, quality and patient safety, human resources, strategic growth, law, and financial management and reflect a broad representation of the community served by the Corporation. Regular meetings of the Board are scheduled eleven (11) times per year. Board leaders are appointed by the Board.

Note 1. Organization (Continued)

Great Lakes Health System: The Corporation is a member of Great Lakes Health System of Western New York (Great Lakes). Great Lakes is a not-for-profit, community-based corporation comprised of unified partners whose objective is to provide the highest quality of healthcare to the residents of Western New York. Great Lakes is comprised of the Corporation, Kaleida Health, The Center for Hospice and Palliative Care and the State University of New York at Buffalo (the "University").

Medical School Collaboration: The Corporation serves as a primary teaching hospital for the Jacobs School of Medicine and Biomedical Sciences of the State University of New York at Buffalo (the "Medical School"). An agreement governs the relationship between the Corporation and the Medical School. The Corporation serves as an integral part of the education and research mission of the Medical School by providing the clinical settings for the Medical School's public mission to educate and train physicians, nurses and other healthcare professionals, conduct clinical research programs and deliver healthcare services to patients. There are currently 175 full-time equivalent medical residents assigned to the Corporation in various Academic College of Graduate Medical Education accredited residency programs.

Component Units: Accounting principles generally accepted in the United States of America (GAAP) require the inclusion within the Corporation's financial statements of certain organizations as component units. The component units discussed below are included because the nature and significance of their relationship to the Corporation are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete under criteria set forth by the Governmental Accounting Standards Board (GASB).

The component unit information in the accompanying basic financial statements includes the financial data of the Corporation's three discretely presented component units. These component units are discussed in more detail below:

ECMC Foundation, Inc.: The ECMC Foundation, Inc. (the "Foundation"), formerly the ECMC Lifeline Foundation, Inc., is a not-for-profit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC). The Foundation was formed for the purpose of supporting Corporation programs. The financial statements of the Foundation have been prepared on an accrual basis. The annual financial report can be obtained by writing to: Executive Director, ECMC Foundation, Inc., 462 Grider Street, Buffalo, NY 14215.

The Grider Initiative, Inc.: The Grider Initiative, Inc. (the "Physician Endowment") is a not-for-profit organization exempt from federal income taxes under Section 501(c)(3) of the IRC. The Physician Endowment was funded in 2010, for the purpose of recruiting physicians who shall practice on the Grider Street campus of the Corporation. The entity was funded with an initial transfer of \$10,000 from the Corporation. Earnings from the investment of the initial transfer may be used only for physician recruitment and retention and necessary expenses of the entity. The financial statements of The Grider Initiative, Inc. have been prepared on an accrual basis. The annual financial report can be obtained by writing to: Chair, The Grider Initiative, Inc. 462 Grider Street, Buffalo, NY 14215.

Research for Health in Erie County, Inc.: Research for Health in Erie County, Inc. (RHEC) is a not-for-profit organization dedicated to support research activities relating to the causes, nature, and treatment of diseases, disorders, and defects of particular importance to the public health in areas served by the Corporation. RHEC is exempt from income tax as a not-for-profit corporation under Section 501(c)(3) of the IRC and is incorporated under the laws of the State of New York. The entity has not received external funding in recent years and its revenue comes primarily from investment income. The annual financial report can be obtained by writing to: Grant Administration, Research for Health in Erie County, Inc., 462 Grider Street, Buffalo, NY 14215.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 1. Organization (Continued)

In addition, the financial statements of the Corporation include the operations of the following component units, which are blended with the accounts of the Corporation:

PPC Strategic Services LLC (PPC): The Corporation is the sole owner of this enterprise, which was established to enable the Corporation to enter into various other business relationships. The entity was formed as a management support organization (MSO) to provide various support services to the Corporation and Preferred Physician Care, P.C. These services include providing employees, management and administrative services, and facilities management.

Grider Support Services, LLC: The Corporation is the sole owner of this enterprise, which was formed to act as an MSO for oncology and physician services.

Grider Community Gardens, LLC: This entity is wholly-owned and controlled by the Corporation and was formed for the purpose of purchasing and holding properties in proximity to the Corporation's Grider Street Campus.

1827 Fillmore, LLC: This entity is controlled by the Corporation and was formed for the purchase and development of property immediately adjacent to the Corporation's Grider Street campus.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Corporation uses the accrual basis of accounting. Revenue is recognized in the period it is earned and expenses are recognized in the period incurred. Under this basis of accounting, all assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of the Corporation are included in the statement of net position.

For financial accounting and reporting purposes, the Corporation follows all pronouncements of the GASB. All references to relevant authoritative literature issued by the GASB with which the Corporation must comply are hereinafter referred to generally as "U.S. GAAP." The discretely presented component units, as previously described, report under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. The reserve for uncollectible accounts, contractual allowances, amounts payable to third-party payors, workers compensation reserves, malpractice reserves, pension obligations, other post-employment benefits, self-insured obligations, as well as Disproportionate Share (DSH) revenue and certain other accounts, require the significant use of estimates. Actual results could differ from those estimates.

Included in net patient service revenue are adjustments to prior year estimated third-party payor settlements, and their related estimated receivables and payables that were originally recorded in the period the related services were rendered, as well as adjustments to the net realization rate for collections on patient accounts receivable. These adjustments are made in the normal course of operations and amounts reported are consistent with approach in prior years. The adjustments to prior year estimates and other third-party reimbursement or recoveries that relate to prior years also impact Disproportionate Share revenues as discussed in Note 4. The combined effect of changes related to prior years estimates resulted in an increase of \$3,119 in total operating revenue for the year ended December 31, 2018.

**Erie County Medical Center Corporation
(A Component Unit of the County of Erie)**

**Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)**

Note 2. Summary of Significant Accounting Policies (Continued)

Cash and cash equivalents: The Corporation's cash and cash equivalents include cash on hand and cash in checking and money market accounts as well as investments with a maturity of three months or less when purchased. Cash and cash equivalents designated for long-term purposes or received with donor-imposed restrictions limiting their use to long-term purposes are not considered cash and cash equivalents for purposes of the statements of cash flows. Monies deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks are collateralized with specifically designated securities held by a pledging financial institution, as required by State regulations.

Patient accounts receivable: Patient accounts receivable are reported net of both an estimated allowance for contractual adjustments and an estimated allowance for uncollectible accounts. The contractual allowance represents the difference between established billing rates and estimated reimbursement from Medicare, Medicaid and other third party payor programs. Current operations are charged with an estimated provision for bad debts estimated based on the age of the account, prior experience and any other circumstances which affect collectability. The Corporation's policy does not require collateral or other security for patient accounts receivable and the Corporation routinely accepts assignment of, or is otherwise entitled to receive, patient benefits payable under health insurance programs, plans or policies. The allowance for estimated doubtful accounts at December 31, 2018 was approximately \$17,391.

Investments and assets whose use is limited: The Corporation generally records its investments at fair value. Such assets are comprised of cash and cash equivalents, including money market funds, fixed income securities, commercial paper and equity funds. Assets classified as investments are unrestricted. Assets classified as limited as to use are restricted under Board designation or terms of agreements with third parties and include debt service funds, funds for self-insured workers compensation costs and medical malpractice costs, collateral for insured workers compensation programs, patient and resident monies, funding for future retiree health costs, and funds limited as to use for the acquisition of property, plant and equipment.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is at least possible that changes in risks in the near term could materially affect the net position of ECMCC.

Other receivables: The composition of other receivables, as of December 31, 2018 is as follows:

Medicaid Disproportionate Share (DSH) and Upper Payment Limit (UPL) (Note 4)	\$	54,848
Due from affiliated organizations and joint ventures		5,482
Health insurance rebates		1,411
Other		5,581
	\$	<u>67,322</u>

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 2. Summary of Significant Accounting Policies (Continued)

Capital assets: Capital assets are stated at cost. Depreciation is computed under the straight-line method over the estimated useful life of the asset. Estimated useful lives of assets have been established as follows:

Land and land improvements	5 – 25 years
Buildings and improvements	10 – 40 years
Fixed equipment	10 – 20 years

When assets are retired, or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is reflected for the period. Amortization of capital leases is computed using the straight-line method over the lease term or the estimated useful life of the asset, whichever is shorter. Maintenance and repairs are charged to expense as incurred with significant renewals and betterments being capitalized. During periods of construction, the Corporation capitalizes interest incurred with borrowings for construction. Capitalized interest was \$5,212 at December 31, 2018.

Capital assets that are donated (without restriction) are recorded at their fair market values as a direct increase to the component of net investment in capital assets.

Deferred outflows of resources: Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and therefore will not be recognized as an outflow of resources (expense) until that time. Deferred outflows of resources consist primarily of unrecognized items not yet charged to pension expense related to the net pension liability and items related to the 2017 financing transaction.

The 2017 financing transaction included the payment of points, in the amount of \$17,040 to Erie County associated with the differential in interest rate on the 2017 financing using the credit rating of Erie County and the rate that the Corporation was projected to pay independent of a relationship with Erie County. The points are being amortized on the interest method over the term of the 2017 financing. The unamortized amount of points at December 31, 2018 is \$15,076. The 2017 financing transaction also included the advance refunding of the 2011 financing, the proceeds of which were used to finance the construction of the Terrace View Nursing Home on the Corporation's campus. The deposit required to the advance refunding escrow was greater than the balance outstanding on the 2011 financing in the amount of \$2,038 and is being amortized on the interest method over the life of the advance refunding component of the transaction. The unamortized portion of this advance refunding at December 31, 2018 is \$1,701.

Deferred inflows of resources: Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and therefore will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources consist primarily of the unamortized portion of certain items related to the Corporation's pension and other post-employment benefits.

Other assets: Amounts due from the County, as noted in Note 13 as well as ownership interests in various business enterprises are included in other assets.

Collaborative Care Ventures, LLC (Collaborative Care) was formed in 2014 by ECMCC and Kaleida Health System (KHS). Collaborative Care was created as a vehicle for ECMCC and KHS to participate in various investments in the future consistent with their missions. At December 31, 2018, the Corporation's share of the net assets of Collaborative Care amounted to \$692.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 2. Summary of Significant Accounting Policies (Continued)

Great Lakes Integrated Network (GLIN) was formed in 2018 by ECMCC and Kaleida Health System. GLIN was formed to support, manage and negotiate value based contracts and/or risk based contracts with third party payors for the purpose of managing population health and anticipated payment reform. GLIN is a development stage enterprise with the Corporation's share of contributed capital supporting organizational development. The Corporation's share of GLIN's profit or loss is recognized as a non-operating expense. At December 31, 2018, the Corporation's share of the net assets of GLIN amounted to \$134.

Unearned revenue: Unearned revenue represents funds received by the Corporation for the DSRIP and CREPS Program for expenses not yet incurred.

Compensated absences: The Corporation has accrued liabilities for certain compensated absences earned by its employees, to include vacation, sick, and compensatory time. The Corporation's employees are permitted to accumulate unused vacation and sick leave time up to certain maximum limits. The Corporation accrues the estimated obligation related to vacation pay based on pay rates currently in effect. Sick leave credits, if accumulated above certain prescribed levels, may be the basis of a supplemental payment to employees upon retirement. The Corporation accrues an estimated liability for these estimated terminal payments. These amounts have been included in the statement of net position at December 31, 2018, within the caption accrued salaries, wages and employee benefits in the amount of \$12,851.

Net position: Net position is classified into three categories according to external donor restrictions or availability of assets for satisfaction of the Corporation's obligations. The Corporation's net position is described as follows:

Net investment in capital assets: This represents the Corporation's total investment in capital assets, net of accumulated depreciation and reduced by outstanding debt and deferred inflows and outflows of resources that are attributable to the acquisition, construction or improvement of those assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted: The restricted expendable component of net position consists of constraints placed on net position through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. The restricted nonexpendable component of net position is permanently unavailable for use. The earnings on the nonexpendable net position are classified as restricted expendable.

Unrestricted: This component of net position consists of net position that does not meet the definition of other components of net position described above. These resources are used for transactions relating to the general health care operations of the Corporation, and may be used at the discretion of the Board of Directors to meet current expenses for any purpose.

Net patient service revenue: Net patient service revenue is reported as services are rendered at estimated net realizable amounts, including estimated retroactive revenue adjustments under reimbursement agreements with third party payors. Estimated settlements under third party reimbursement agreements are accrued in the period the related services are rendered and adjusted in future periods as final settlements are determined. An estimated provision for bad debts is included in net patient service revenue.

**Erie County Medical Center Corporation
(A Component Unit of the County of Erie)**

**Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)**

Note 2. Summary of Significant Accounting Policies (Continued)

Charity care: The Corporation provides care to patients who meet certain criteria under its charity care policy, without charge or at amounts less than established rates. Because the Corporation does not pursue collection of amounts determined to qualify as charity care, they are not reported as net patient service revenue in the accompanying statement of revenues, expenses, and changes in net position. The estimated costs of caring for charity care patients were \$12,426 for the year ended December 31, 2018. Additionally, the Corporation provided approximately \$3,721 in discounts to self-pay patients for the year ended December 31, 2018.

Contributions: The Foundation reports gifts of cash or promises to give as restricted contributions when they are received with donor stipulations that limit the use of the donated assets. When the intent of the donor is that the assets are to remain in perpetuity and the Foundation does not have the right to invade the original principal, the assets are reported as with donor restrictions. When a donor restriction expires, restricted - expendable net positions are released to unrestricted net position. The Foundation is conducting a capital campaign to raise funds to support the construction of a new Level 1 Adult Trauma Center, Emergency Department and other capital needs in support of the mission of the Corporation. Receivables for pledges associated with this campaign are recorded net of a reserve for uncollectible pledges and are discounted to present value using a 2.5% discount rate, over the expected collection period of the pledges.

Classification of revenues: The Corporation has classified its revenues as either operating or non-operating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as payments for providing services and payments for goods and services received, for health care services provided to patients, net of contractual allowances and provisions for bad debts.

Non-operating revenues: Non-operating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, income from investments and contributions.

Income taxes: The Corporation is a Public Benefit Corporation of the State of New York and is exempt from federal income taxes under Section 115 of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Contributed services: RHEC receives contributions from the Corporation consisting primarily of donated space, equipment, and personnel support. During 2018, the value of contributed services meeting the requirements for recognition in the financial statements was not material and has not been recorded.

Certain immaterial amounts related to contributed rents have been reflected in the Foundation's financial statements as contributed services. The Foundation generally pays for services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Foundation in meeting its goals and objectives. Such services are not recognized in the Foundation financial statements.

No amounts have been reflected in the Physician Endowment financial statements for contributed services, as the value of contributed services meeting the requirements for recognition in the financial statements was not material.

**Erie County Medical Center Corporation
(A Component Unit of the County of Erie)**

**Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)**

Note 2. Summary of Significant Accounting Policies (Continued)

Recent and pending accounting pronouncements: Effective January 1, 2018, the Corporation adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). The impact of the adoption of this statement, further detailed in Note 10, required the restatement of prior year net position to conform to the 2018 presentation.

In November 2016, GASB issued Statement No. 83, *Capital Asset Retirement Obligations*. The objective of this Statement is to address accounting and financial reporting for certain asset retirement obligations. An asset retirement obligation is defined as a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The Corporation has not yet determined the impact this statement will have on the financial statements.

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement establishes criteria for identifying fiduciary activities and the focus of the criteria generally is on (1) whether the government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The Corporation has not yet determined the impact this statement will have on the financial statements.

Effective January 1, 2018, the Corporation adopted GASB issued Statement No. 85, *Omnibus 2017*. The objective of this Statement was to address a variety of topics including issues related to blending component units, goodwill, fair value measurement and post-employment benefits. There was no significant impact on the Corporation's financial statements due to the adoption of Statement No. 85.

In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases. Under this Statement, a lessee is required to recognize a lease liability and a right to use asset as a single model for lease accounting based on the principle that leases are financing instruments. The requirements of this Statement are effective for financial reporting periods beginning after December 15, 2019. The Corporation has not yet determined the impact this Statement will have on the financial statements.

GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements* – The objective of this Statement is to improve the information that is disclosed in notes to governmental financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The Corporation has not yet determined the impact this Statement will have on the financial statements.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 2. Summary of Significant Accounting Policies (Continued)

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period* - The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019 and should be applied prospectively. The Corporation has not yet determined the impact this Statement will have on the financial statements, however, expects the impact to be material.

GASB Statement No. 90, *Majority Equity Interests* - The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The Corporation has not yet determined the impact this Statement will have on the financial statements.

Subsequent events: The Corporation has evaluated subsequent events for potential recognition and/or disclosure through March 14, 2019, the date the financial statements were issued.

Note 3. Net Patient Service Revenue and Patient Accounts Receivable

The Corporation has agreements with third-party payors that provide for payment to the Corporation at amounts different from its established rates. A summary of the payment arrangements for hospital services with major third-party payors is as follows:

Medicare: Inpatient acute care services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge and per patient day depending on the service. Acute care rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Certain inpatient and outpatient services, as well as defined organ acquisition, capital and medical education costs related to Medicare beneficiaries are paid based on regulatory proscribed formulae. The Corporation is reimbursed for such items at a tentative rate with final settlement determined after submission of annual cost reports by the Corporation and audits thereof by the Medicare fiscal intermediary. The Corporation's classification of patients under the Medicare program and the appropriateness of their admission are subject to an independent review by a peer review organization under contract with the Corporation. Most outpatient reimbursements are based on an Ambulatory Payment Classification weighting by acuity system, although some outpatient cost reimbursement still exists.

Medicaid: Inpatient services rendered to Medicaid program beneficiaries are reimbursed at prospectively determined rates in accordance with Part 86 of the New York Codes, Rules and Regulations and New York State Law which are promulgated by the New York State Department of Health (DOH). Outpatient services are similarly paid at either prospective rates or fee schedule amounts.

Under the New York Health Care Reform Act, the Corporation also enters into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Corporation under these agreements includes prospectively determined rates, discounts from charges, and prospectively determined per diem rates. Medicaid, Workers' Compensation and No-fault continue to have reimbursement rates determined based on New York's Prospective Reimbursement Methodology.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 3. Net Patient Service Revenue and Patient Accounts Receivable (Continued)

Terrace View provides services to residents under agreements with third-party payors (Medicaid, Medicare and HMO's) under provisions of their respective cost reimbursement formulas or contractually negotiated rates. If amounts received are less than established billing rates, the difference is accounted for as a reduction of revenue. Final determination of the reimbursement rates are subject to review by appropriate third-party payors. Provisions are made in the financial statements for anticipated adjustments that may result from such reviews. Difference between the estimated amounts accrued and final settlements are reported in operations in the year of settlement.

Net patient service revenue, as reported on the statement of revenues, expenses and changes in net position is comprised of the following for the year ended December 31, 2018:

Gross charges	\$ 1,094,720
Less:	
Discounts and allowances	550,851
Provision for bad debts	14,321
	<u>\$ 529,548</u>

Net patient service revenue by payor for the year ended December 31, 2018 is as follows:

		%
Medicare*	\$ 187,390	35.4%
Medicaid*	164,080	31.0%
No-fault	25,045	4.7%
Commercial and other third party payors	149,335	28.2%
Self-pay	3,698	0.7%
	<u>\$ 529,548</u>	<u>100.0%</u>

* Medicare and Medicaid include Managed Care plans.

Laws and regulations governing Medicare, Medicaid, and other third-party payor programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates could change by a material amount in future periods. The Corporation believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. Compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 3. Net Patient Service Revenue and Patient Accounts Receivable (Continued)

Patient accounts receivable consist of the following at December 31, 2018:

Gross accounts receivable	\$ 180,658
Less:	
Discounts and allowances	73,980
Allowance for bad debts	17,391
	<u>\$ 89,287</u>

Concentration of credit risk: The Corporation grants credit without collateral to its patients, most of whom are insured under third-party payor arrangements. The mix of net receivables from patients and third-party payors at December 31, 2018 is as follows:

Medicare*	28.5%
Medicaid*	28.4%
Commercial and other third party payors	30.0%
No-fault	9.9%
Self-pay	3.2%
Total	<u><u>100.0%</u></u>

* Medicare and Medicaid include Managed Care plans.

Note 4. Disproportionate Share Revenue

The Medicaid DSH program is designed to provide funds to certain hospitals to help offset the cost of uncompensated care provided to the uninsured. Each state has a specified Federal DSH allotment. In addition, New York State law authorizes the DOH to make supplemental DSH medical assistance payments to public hospitals located in Erie County, Nassau County, and Westchester County. For long term care facilities, DSH revenue is recognized in accordance with Upper Payment Limit (UPL) regulations promulgated by CMS.

In 2018, DSH funding recorded by the Corporation totaled \$72,071. The DSH funding process is complex and includes both tentative and final settlements for various state fiscal years which are subject to the availability of state and federal funding among other factors. As a result, DSH revenue is estimated and final settlements may vary significantly from the initial estimates.

For hospital services, DSH revenue of \$55,656 was recognized in 2018. In addition, during 2018 the Corporation recognized \$16,415 of UPL revenue for Terrace View. The UPL for New York State fiscal year 2018-2019, for public nursing homes has not yet been finalized. As a result, UPL revenue for the long term care units are estimates based on historical experience.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 4. Disproportionate Share Revenue (Continued)

In addition, the Centers for Medicare and Medicaid Services (CMS) has indicated that cost reports dating back to the 2016 reporting year and the methodology employed to calculate DSH revenue are subject to audit. At this time, the impact of the CMS audit activity on the Corporation's DSH revenue is not certain. Management has taken what it believes to be reasonable and appropriate steps to assure compliance with the CMS methodology.

Note 5. Cash and Cash Equivalents, Investments, and Assets Whose use is Limited

Cash and cash equivalents and investments: The Corporation's investments are made in accordance with State regulations and its own investment policy. The investment policy is regularly reviewed by an investment committee of the Board which evaluates the performance of investment managers and monitors compliance with the investment policy.

The Corporation's investments are generally reported at fair value, as discussed in Note 2. The carrying amounts of cash and cash equivalents, investments and assets whose use is limited are included in the Corporation's statement of net position as follows:

Cash and cash equivalents	\$ 19,076
Investments	44,853
Assets whose use is limited – current	161,036
Assets whose use is limited – non-current	85,013
	<u>\$ 309,978</u>
Current portion of assets whose use is limited:	
Patient and residents trust cash	\$ 299
Restricted for debt service ^(a)	6,356
Restricted for capital projects ^(d)	84,628
Designated for self-insurance obligations ^(b)	6,672
Designated for retiree health obligations ^(b)	12,251
Designated for DSRIP program ^(b)	50,332
NYS voluntary defined contribution plan escrow	94
Medical and dental staff funds	404
Total current portion of assets whose use is limited	<u><u>\$ 161,036</u></u>
Noncurrent portion of assets whose use is limited:	
Restricted for debt service ^(a)	\$ 9,469
Designated for long-term investment ^(b)	18,595
Designated for retiree health obligations ^(b)	12,579
Designated for self-insurance obligations ^(b)	28,953
Restricted – insured workers compensation collateral ^(c)	15,417
Total noncurrent portion of assets whose use is limited	<u><u>\$ 85,013</u></u>

^(a) Funds restricted by operation of indenture agreement

^(b) Funds internally designated by operation of Board authority

^(c) Funds restricted – insured workers compensation collateral agreement

^(d) Unspent proceeds from borrowings, which are to be used for construction projects

(A Component Unit of the County of Erie)**

**Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)**

**Note 5. Cash and Cash Equivalents, Investments, and Assets Whose use is Limited
(Continued)**

The Corporation's cash and cash equivalents as well as investments are exposed to various risks, including credit, custodial credit, interest rate, and market risks, as discussed in more detail below:

Deposits

All monies are deposited with banks or trust companies designated by the Corporation's investment committee of the Board of Directors. Funds not needed for immediate expenditure may be deposited in interest or non-interest bearing accounts or invested in various marketable securities and bonds.

Custodial credit risk: Custodial credit risk is the risk that, in the event of bank failure, the Corporation's deposits might not be recovered. FDIC insurance through December 31, 2018 for funds held in interest bearing accounts is \$250 per depositor per category of legal ownership. New York law requires that deposits in excess of FDIC insured amounts are collateralized. The Corporation's bank deposits at December 31, 2018, totaled \$52,051, of which \$897 of the deposits were insured at December 31, 2018. Amounts over FDIC insured limits were fully collateralized with securities held by the pledging financial institution.

Investments

The Corporation's investment policy authorizes the Corporation to invest in accordance with New York State Finance Law Section 8(14), Section 201 and Public Authorities Law Article 9 Section 2800 to 2985, as well as the relevant provisions of the ECMCC Act. Compliance with the policy is monitored by the Corporation's investment committee and reported on quarterly by the Corporation's investment advisor.

Credit risk: Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligation, causing the Corporation to experience a loss of principal. The Corporation's investment policy limits investments in equity and fixed income securities with ratings only in the highest category. ECMCC's investments in government bonds carry the explicit guarantee of the U.S. government. The corporate bonds, short-term fixed income and government bonds are all rated AA+ or better by the Standards & Poor's rating agency.

Interest rate risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Corporation's cash equivalent securities are limited to maturities of no greater than eighteen months; short-term fixed income securities are limited to maturities of no greater than five years; and long-term fixed income securities are limited to maturities to no more than ten years. Substantially all of the Corporation's investments and assets whose use is limited have stated maturities of less than one year.

Custodial credit risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Corporation will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Corporation's investment policy does not address custodial credit risk.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 5. Cash and Cash Equivalents, Investments, and Assets Whose use is Limited
(Continued)

Concentration of credit risk: Concentration of credit risk is the risk of loss attributable to the magnitude of investments in any single issuer. The Corporation's investment policy indicates the combined holdings of securities from one issuer shall not constitute more than 5.0% of the fund except for issues guaranteed directly or indirectly by the U.S. Government. The Corporation had no holdings in Federal National Mortgage Association (Fannie Mae) or Federal Home Loan Mortgage Corporation (Freddie Mac) issues at December 31, 2018.

Fair value of financial instruments: Fair value is defined in the accounting standards as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management utilizes valuation techniques that maximize the use of observable inputs (Levels 1 and 2) and minimize the use of unobservable inputs (Level 3) within the fair value hierarchy established by GASB. Assets and liabilities carried at fair value are required to be classified and disclosed in one of the following three categories:

- Level 1: Valuations based on quoted prices in active markets for identical assets that the Corporation has the ability to access.
- Level 2: Valuations based on quoted prices in active markets for similar assets, quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement. These are generally company generated inputs and are not market-based inputs. The Corporation has no Level 3 assets.

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 19,076	\$ -	\$ -	\$ 19,076

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 8. Indebtedness (Continued)

Future annual principal payments applicable to long term debt for the years subsequent to December 31, 2018 are as follows:

2019	\$	11,126
2020		10,909
2021		10,865
2022		11,261
2023		11,679
2024-2028		64,120
2029-2033		76,772
2034-2038		54,603
2039		5,990
Total	\$	257,325

The Series 2004 Bonds are secured by a pledge of the gross receipts of the Corporation and amounts on deposit in certain debt service reserve funds. Interest rates on the bonds range from 5.5% to 5.7%, with principal payments ranging from \$3,185 to \$7,220 due annually on November 1 with interest payments due semi-annually on May 1 and November 1.

Pursuant to a Guaranty Agreement, the County has unconditionally guaranteed to the Corporation, the punctual payment of the principal, interest, and redemption premium, if any, on the Series 2004 Bonds, as the same shall become due and payable, and has pledged the faith and credit of the County for the performance of such guaranty. A municipal bond insurance policy has been purchased by the Corporation to guarantee all debt service payments in case of default by the Corporation and the County.

In 2017, the Corporation entered into a loan agreement and a capitalized interest liability assumption agreement with the County of Erie, with the assistance of the Erie County Fiscal Stability Authority. The proceeds of the loan were used to finance the construction of a new Level 1 Adult Trauma Center and Emergency Department, fund various other capital projects on the Corporation's campus as well as refinance the 2011 loan. The loan has an interest rate of 3.377% with monthly principal and interest payments ranging from \$38 to \$930 during the term of the loan. In addition to the loan, the Corporation assumed the liability related to funds borrowed to pay capitalized interest during construction on the various projects noted above. The capitalized interest liability assumption has an interest rate of 3.377% with monthly principal and interest payments ranging from \$3 to \$77 during the term of the loan. The new money portion of the loan and the capitalized interest assumption agreement is fully amortized and matures in 2039. The refinancing component of the loan has an interest rate of 2.649% with monthly principal and interest payments ranging from \$300 to \$460 during the term of the loan and is fully amortized and maturing in 2034.

During 2016, the Corporation signed a business loan agreement with Key Bank. Interest was payable monthly at the 1-month LIBOR rate plus 2.25%. The loan was paid in full on December 11, 2018.

**Erie County Medical Center Corporation
(A Component Unit of the County of Erie)**

**Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)**

Note 8. Indebtedness (Continued)

During 2015, the Corporation entered into a capital lease agreement in the amount of \$10,000, the proceeds of which were used to purchase various equipment. The agreement requires principal and interest payments (cost of capital is estimated at 2.3%) of \$194 and matures June 2020.

During 2018, the Corporation entered into a capital lease agreement in the amount of \$2,044, the proceeds of which were used to purchase various equipment. The agreement requires principal and interest payments (cost of capital is estimated at 5.5%) of \$29 and matures September 2025.

During 2018, the Corporation entered into a capital lease agreement in the amount of \$409, the proceeds of which were used to purchase various suite improvements. The agreement requires principal and interest payments (cost of capital is estimated at 3.8%) of \$4 and matures October 2028.

Note 9. Pension Plan

Retirement plan: The Corporation participates in the New York State and Local Retirement System ("NYSLRS" or the "System"), which is a cost-sharing, multiple-employer public employees' retirement system. There are more than 471,000 pensioners and beneficiaries in the System with nearly 1.1 billion participants.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the NYSLRS and additions to/deductions from NYSLRS' fiduciary net position have been determined on the same basis as they are reported by NYSLRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The net pension liability is measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plan's fiduciary net position. The net pension liability should be measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (RSSL). As set forth in the RSSL, the Comptroller of the State of New York (the "Comptroller") serves as sole trustee and administrative head of the System. The Comptroller shall adopt and may amend rules and regulations for the administration and transaction of the business of the System and for custody and control of its funds. The System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

NYSLRS provides three main types of retirement benefits: service retirements, ordinary disability retirements (non job-related disabilities), and accident disability retirements (job-related disabilities) to members who are in different "Tiers." The members' Tier is determined by the date of membership. Subject to certain conditions, members generally become fully vested as to benefits upon the completion of 5 or 10 years of service depending on their Tier. Employees may be required to contribute a percentage of their salary to the pension plan based on their Tier, determined by their date of membership in the plan. Annual pension benefits can be calculated as a percentage of final average salary times number of years of service and changes with the number of years of membership within the plan.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 9. Pension Plan (Continued)

At December 31, 2018, the Corporation reported a liability of \$24,677, for its proportionate share of the NYSLRS net pension liability. The total pension liability used to calculate the net pension liability is determined by an actuarial valuation as of April 1st each year and rolled forward to March 31st. The Corporation's proportion for the net pension liability for each fiscal year was based on the Corporation's indexed present value of future compensation to NYSLRS of all participating employers for 2018, which was 0.7646%.

(a) Actuarial Assumptions

The total pension liability for the March 31, 2018 measurement date was determined using an actuarial valuation as of April 1, 2017, with update procedures used to roll-forward the total pension liability to March 31, 2018. The actuarial valuations used the following actuarial assumptions:

Inflation	2.5%
Salary increases	3.8%, including inflation
Investment rate of return	7.0%, net of pension plan investment expense
Cost of living adjustments	1.3%
Mortality improvement	Society of Actuaries Scale MP-2014

(b) Expected Rate of Return on Investments

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following tables at December 31:

<u>Asset class</u>	2018	
	Target Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	36.0%	4.6%
International equity	14.0%	6.4%
Private equity	10.0%	7.5%
Real estate	10.0%	5.6%
Absolute return strategies	2.0%	3.8%
Bonds and mortgages	17.0%	1.3%
Inflation-indexed bonds	4.0%	1.3%
Opportunistic portfolio	3.0%	5.7%
Real assets	3.0%	5.3%
Cash	1.0%	-0.3%
	<u>100.0%</u>	

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 9. Pension Plan (Continued)

(c) Discount Rate

The discount rate used to measure the total pension liability as of December 31, 2018 was 7.0%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the NYSLRS fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on NYSLRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the Corporation's proportionate share of the net pension liability calculated using the discount rate of 7.0% at December 31, 2018, as well as what the Corporation's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	2018		
	1% Decrease (6.0%)	Discount Rate (7.0%)	1% Increase (8.0%)
Corporation's proportionate share of the net pension liability	\$ 186,713	\$ 24,677	\$ (112,399)

(d) Deferred Outflows and Inflows of Resources

At December 31, 2018, the Corporation reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred outflows of resources:

Differences between expected and actual actuarial experience	\$ 8,802
Difference between projected and actual earnings	
on pension plan investments	35,841
Changes in assumptions	16,363
Corporation contributions subsequent to the measurement date	26,447
Other	1,181
Total	\$ 88,634

Deferred inflows of resources:

Differences between expected and actual actuarial experience	\$ 7,273
Difference between projected and actual earnings	
on pension plan investments	70,747
Changes in proportion and differences between Corporation contributions and proportionate share of contributions	9,306
Total	\$ 87,326

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 9. Pension Plan (Continued)

The change in employer proportionate share is the difference between the employer proportionate share of net pension liability in the prior year compared to the current year. Changes in these amounts are amortized over a five-year closed period, reflecting the average remaining service life of plan members.

(e) Annual Pension Expense

The Corporation's annual pension expense for calendar year ending 2018, which includes contributions toward the actuarially determined accrued liability and the amortization of deferred inflows of resources, was approximately \$26,421.

Note 10. Other Post-Employment Benefits (OPEB)

For the year ended December 31, 2018, the Corporation implemented the provisions of GASB's Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Among other changes, this Statement was issued to improve accounting and financial reporting by governments for postemployment benefits other than pensions. As a result of implementing this Statement, the Corporation was required to restate, net position as of January 1, 2018. The effect of the restatement on net position is as follows:

Net position as previously reported, January 1, 2018	\$	123,547
Adjustment for removal of net OPEB liability under GASB 45		161,477
Recognition of net OPEB liability and deferred outflows of resources, under GASB 75		(446,045)
Net position as restated, January 1, 2018	\$	(161,021)

Plan description: The Corporation provides OPEB that include basic medical and hospitalization plan coverage to eligible retirees. Eligible retirees may only be covered under the indemnified plan of the Corporation. To qualify, a retiree must meet various eligibility requirements as agreed to in collective bargaining agreements. The Corporation pays varying amounts based on specific union agreements.

Funding the plan: Currently, there is no New York State statute that expressly authorizes local governments to create a trust for OPEB purposes. Additionally, New York State's General Municipal Law does not allow for a reserve fund to accumulate funds for OPEB obligations. The Corporation's Board of Directors and management believe it is prudent to reserve funds for the Plan and have therefore internally designated \$24,830 in 2018 for purposes of funding future post-employment benefits. These internally designated funds are included within assets whose use is limited. In addition to the funding for future post-employment benefits, the Corporation continues to finance current benefits on a pay-as-you-go basis.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 10. Other Post-Employment Benefits (OPEB) (Continued)

Annual OPEB cost and net OPEB obligation: The Corporation's total OPEB liability measured at December 31, 2018 of \$389,730 was determined by an actuarial valuation as of January 1, 2018. The measurement date of the obligation is December 31, 2018.

(a) Actuarial Assumptions

The total OPEB liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.3%
Salary increases	3.3% per annum
Pre-Medicare Plans	7.0% for 2018, 3.8% ultimate trend rate in 2075
Medicare Plans	5.0% for 2018, 3.8% ultimate trend rate in 2075
Prescription Plan	9.5% for 2018, 3.8% ultimate trend rate in 2075
Mortality	Society of Actuaries Scale MP-2014

(b) Changes in the OPEB Liability

Changes in the OPEB obligation	
Projected OPEB obligation at the beginning of year	\$ 446,045
Service cost	5,838
Interest cost	15,322
Change of benefit terms	(532)
Difference between expected and actual experience	1,097
Change in assumptions	(65,103)
Actual benefit payments	(12,937)
Projected OPEB obligation at the end of year	<u>\$ 389,730</u>

(c) Discount Rate

The discount rate used to measure the total OPEB liability as of December 31, 2018 and January 1, 2018 was 4.1% and 3.4%, respectively, based on the Bond Buyer 20-year Bond GO index rate.

The following presents the Corporation's total OPEB liability calculated using the discount rate of 4.1% as well as what the Corporation's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.1%) or 1 percentage point higher (5.1%) than the current rate.

	1% Decrease (3.1%)	Discount Rate (4.1%)	1% Increase (5.1%)
The Corporation's total OPEB liability	\$ 455,710	\$ 389,730	\$ 336,955

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 10. Other Post-Employment Benefits (OPEB) (Continued)

The following presents the Corporation's total OPEB liability calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates.

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
The Corporation's total OPEB liability	\$ 328,469	\$ 389,730	\$ 469,718

(d) Deferred Outflows and Inflows of Resources

The following are components of deferred outflows and inflows at December 31, 2018:

	Deferred Outflows	Deferred Inflows
Differences between expected and actual actuarial experience	\$ 892	\$ -
Changes in assumptions	-	52,911
Total	\$ 892	\$ 52,911

The net deferred outflows and inflows of resources at December 31, 2018 will be recognized as follows:

	Amount
2019	\$ (11,987)
2020	(11,987)
2021	(11,987)
2022	(10,482)
2023	(5,576)
	\$ (52,019)

(e) Annual OPEB Expense

The Corporation's annual OPEB expenses for the year ended December 31, 2018 was \$8,641.

Note 11. Delivery System Reform Incentive Payment (DSRIP) Program

In April 2014, the federal government approved a New York State Medicaid waiver request to reinvest \$8 billion in federal savings to support implementation of transformative reforms to the State's healthcare system. Delivery system reforms will primarily be implemented through \$7.4 billion of DSRIP Incentive payments for community-level collaborations to achieve programmatic objectives with a goal of reducing avoidable hospital use by 25% over five years. Additionally, \$500 million was awarded through an Interim Access Assurance Fund (IAAF) to ensure the financial viability of critical safety net providers during the period prior to DSRIP implementation.

In June 2015, the New York State Department of Health (NYSDOH) announced DSRIP valuation awards, which represent the total potential amount that each Performing Provider System (PPS) is eligible to earn in performance payments over the five years of the DSRIP program. The Corporation-led PPS received a valuation award of \$243,020.

**Erie County Medical Center Corporation
(A Component Unit of the County of Erie)**

**Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)**

Note 11. Delivery System Reform Incentive Payment (DSRIP) Program (Continued)

As the DSRIP program requires, the Corporation serves as fiduciary or lead entity for a coalition of Medicaid provider and social services organizations referred to as a Performing Provider System (PPS). The PPS is referred to as Millennium Collaborative Care (MCC). Since April 2014, the Corporation has dedicated significant effort to enterprise-level and PPS-level preparation for participation in the DSRIP program, and in execution of NYSDOH required organizational and project planning essential to implementing and managing DSRIP program efforts. Notable activities include the establishment of PPS governance structures and the operationalization of MCC which is dedicated to DSRIP implementation and management.

During 2018, net DSRIP payments received by the Corporation totaled \$47,581. In addition, \$22,339 was recorded as grant revenue for the year ended December 31, 2018 based on meeting the eligibility requirements and \$21,192 of related grant program expenses were incurred during 2018.

Note 12. Care Restructuring Enhancement Pilot (CREPS) Program Grant

During 2016, the federal government approved a NYS Medicaid waiver request establishing the CREPS Program. The Corporation was awarded a grant under the CREPS Program administered by the New York State Department of Health. The total award amount is approximately \$97,260 over the period April 1, 2016 to March 31, 2020 in state fiscal year annual distribution amounts of \$43,930, \$30,010, \$13,320, and \$10,000, respectively. The Corporation is responsible for achieving certain goals of the CREPS Program in each year in order to qualify for the funding. The Corporation has achieved all of the goals for years 1 and 2 and believes it has achieved substantially all of the goals for year 3 of the program and has recognized related revenue in the amount of \$25,750 for 2018.

Note 13. Transactions With the County of Erie

Settlement agreement: On December 30, 2009, the Corporation and the County entered into a "Settlement Agreement". The Settlement Agreement resulted in the Corporation and the County entering into a number of transactions to resolve litigation and prepare for implementing the Corporation's master facility plan.

In October 2012, the Corporation and the County signed an amendment to the 2009 Settlement Agreement (the "Amendment"). The terms of the Amendment provide for the County to be reimbursed from the Corporation for certain workers compensation claims incurred by Corporation employees that were paid by the County. The Amendment also provides for the County to reimburse the Corporation, over time, for post-retirement health expenses that the Corporation incurred for Corporation employees with service time at the County.

In 2017, the Corporation entered into a loan agreement and a capitalized interest liability assumption agreement with the County of Erie. A component of the loan agreement included the payment of points by the Corporation to the County of Erie in the amount of \$17,040 as further described in Note 2 and Note 8.

**Erie County Medical Center Corporation
(A Component Unit of the County of Erie)**

**Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)**

Note 13. Transactions With the County of Erie (Continued)

Other transactions: Amounts that are included in operating revenues and expenses in the statement of revenues, expenses, and changes in net position, which represent related-party transactions that occurred between the Corporation and the County during the year ended December 31, 2018 are as follows:

The Corporation earned revenue totaling \$3,018 for the year ended December 31, 2018 from the County. Revenue earned relates to services provided to School 84, mental health services and various other charges related to County departments located within the Corporation's physical plant. The Corporation's expenses incurred for services provided by the County totaled \$33 for the year ended December 31, 2018. Expenses incurred include services for laboratory fees.

The net amount due from the County of approximately \$7,904 at December 31, 2018, is non-interest bearing and reflect the Corporation's net amount owed from the County as a result of various transactions and services between parties. This balance is reported as a component of other receivables in the statement of net position.

Note 14. Self-Insured Obligations

The Corporation is self-insured for all medical malpractice claims for occurrences on or after January 1, 2004. Additionally, the Corporation began purchasing excess stop loss insurance on a claims made basis for medical malpractice effective November 2008. The current policy provides \$35,000 of coverage in excess of \$4,000 of individual claims or \$12,000 in aggregate claims effective November 18, 2013. Previously the policy provided \$35,000 of coverage in excess of \$3,000 of individual claims or \$10,000 in aggregate claims.

Effective April 1, 2016, the Corporation became self-insured for workers compensation claims through a combination of self-insurance and a high-deductible plan for certain periods as follows: The Corporation maintains a stop-loss insurance policy for the claims in excess of \$750. Effective January 1, 2012, the Corporation insured a portion of its Workers' Compensation exposure through a claims made high-deductible plan. The Corporation remains responsible for the first \$750 of an individual claim payment after December 31, 2011. The Corporation is required to pledge certain assets under this arrangement. As of December 31, 2018, \$15,417, has been designated to service workers compensation claims and included as part of assets whose use is limited. The Corporation remains self-insured for Workers' Compensation claims prior to January 1, 2012. The County has assumed a portion of liabilities for all occurrences originating prior to 2004.

Losses from asserted and unasserted medical malpractice and workers compensation claims are accrued based on actuarial estimates that incorporate the Corporation's past experience, the nature of each claim or incident, relevant trend factors, and estimated recoveries, if any, on unsettled claims.

The Corporation has accrued \$23,743 at December 31, 2018, for medical malpractice related exposures. Such amounts have been discounted at 2.0% for 2018 and the accrued liabilities are included within the accrued other liabilities and self-insured obligations caption of the accompanying statement of net position. Charges to expense for medical malpractice costs are included within the other operating expenses caption of the accompanying statement of revenues, expenses and changes in net position.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements
Year Ended December 31, 2018
(Dollars in Thousands)

Note 14. Self-Insured Obligations (Continued)

The Corporation has accrued \$25,610 at December 31, 2018, for workers compensation related exposures. Such amounts have been discounted at 1.25% and the liabilities are included within the accrued other liabilities and self-insured obligations captions of the accompanying statement of net position. Charges to expense for workers compensation costs approximated \$4,827 in 2018, and are included within the payroll, employee benefits and contract labor caption of the accompanying statements of revenues, expenses and changes in net position.

Eligible retirees are provided basic medical and hospitalization coverage by the Corporation as more fully described in Note 10.

The composition of self-insured obligations as of December 31, 2018, is as follows:

	Beginning Balance	Actuarial estimate of claims incurred	Claims Paid	Ending Balance	Due Within One Year
Medical malpractice	\$ 28,767	\$ 142	\$ (5,166)	\$ 23,743	\$ 1,699
Workers compensation	28,747	4,044	(7,181)	25,610	5,000
	<u>\$ 57,514</u>	<u>\$ 4,186</u>	<u>\$ (12,347)</u>	<u>\$ 49,353</u>	<u>\$ 6,699</u>

Medical malpractice and workers compensation amounts due within one year are management's estimates based on historical claims.

Note 15. Commitments and Contingencies

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations is subject to future government review and interpretation as well as regulatory actions unknown or unasserted at the time. Government activity, in recent years, has increased with respect to investigations and allegations concerning possible violations by health care providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayments for patient services previously billed. While no regulatory allegations have been made against the Corporation, compliance with such laws and regulations can be subject to future government review and interpretations as well as regulatory actions unknown or unasserted at this time. Management and its counsel are not aware of any such actions that will have a material adverse effect on the Corporation's financial statements.

Loss contingency liabilities are recorded in accordance with U.S. GAAP, which requires recognition of a loss when it is deemed probable that an asset has been impaired or a liability has been incurred, and the amount of the loss can be reasonably estimated. As of December 31, 2018, the Corporation has recorded no loss contingencies except as disclosed in Note 14.

The Corporation leases various equipment and facilities under operating leases expiring at various dates through May 2026. Total rental expense for all operating leases was approximately \$3,300 in 2018. During 2017, the Corporation entered into a \$10,000 revolving operating lease facility to support various equipment in information technology infrastructure. As of December 31, 2018, \$9,747 of this lease facility has been disbursed with \$253 remaining.

Erie County Medical Center Corporation
(A Component Unit of the County of Erie)

Notes to the Financial Statements

(Dollars in Thousands)

Note 15. Commitments and Contingencies (Continued)

The following is a schedule by year of future minimum lease payments under operating leases as of December 31, 2018 that have initial or remaining lease terms in excess of one year:

2019	\$	3,353
2020		3,179
2021		2,803
2022		2,710
2023		2,292
2024-2028		2,809
	\$	<u>17,146</u>

The Corporation formed 1827 Fillmore, LLC (1827) for the purpose of acquiring and developing land immediately adjacent to its Grider Street campus. A condition of the acquisition was that 1827 demolish a building on the site with known asbestos abatement requirements. This condition was met in 2018. The Corporation has started a community planning process to determine the future use(s) of the site. The site requires the environmental remediation expenditures, however the amount of such expenditures is dependent on the ultimate use of the site and requirements from regulators.

The Corporation, together with Kaleida Health is in the process of forming Great Lakes Health Integrated Network (GLIN) with each maintaining a 50% ownership interest. This development state organization is in the process of formation due to required regulatory approvals. Investments made to date for startup operations are recognized as Investment in Joint Ventures. A capital contribution of \$800 is due from the Corporation at final formation with potential additional capital contributions required as the organization matures.

**Erie County Medical Center Corporation
(A Component Unit of the County of Erie)**

**Note to Schedule of Expenditures of Federal Awards
Year Ended December 31, 2018**

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Erie County Medical Center Corporation (the Corporation) under programs of the federal government for the year ended December 31, 2018. The information on this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

For purposes of the Schedule, federal awards include all federal assistance entered into directly between the Corporation and the federal government and sub-awards from nonfederal organizations made under federally sponsored agreements. The Schedule does not include payments received under Medicare and Medicaid reimbursement programs. Because the Schedule presents only a selected portion of the activities of the Corporation, it is not intended to, and does not, present the financial position, changes in net position and cash flows of the Corporation.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Corporation has elected to not exercise its option to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3. Other Federal Awards

There were no federal awards expended for noncash assistance, insurance, or any loans, loan guarantees, or interest subsidies outstanding at December 31, 2018.

Note 4. Subrecipients

The Corporation did not provide federal awards to any subrecipients during the year ended December 31, 2018.

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based
on an Audit of Financial Statements Performed in Accordance With *Government Auditing
Standards***

Independent Auditor's Report

To the Board of Directors
Erie County Medical Center Corporation

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component units of Erie County Medical Center Corporation (the "Corporation") as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements, and have issued our report thereon dated March 14, 2019. The financial statements of ECMC Foundation, Inc., the Grider Initiative, Inc. and Research for Health in Erie County, Inc. were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal controls over financial reporting or instances of reportable noncompliance associated with ECMC Foundation, Inc., the Grider Initiative, Inc. and Research for Health in Erie County, Inc.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements, will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

To the Board of Directors
Erie County Medical Center Corporation

Report on Compliance for Each Major Federal Program

We have audited Erie County Medical Center Corporation's (the "Corporation") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Corporation's major federal programs for the year ended December 31, 2018. The Corporation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Corporation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Corporation's compliance.

Opinion on Each Major Federal Program

In our opinion, the Corporation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

Report on Internal Control Over Compliance

Management of the Corporation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Corporation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of December 31, 2018 as of and for the year ended December 31, 2018 and have issued our report thereon dated March 14, 2019, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Management Discussion and Analysis

September 30, 2019

The 2019 Operating and Capital Budgets (the “Budget”), together with five year financial projections, presented in the following pages were developed by the Erie County Medical Center Corporation (“ECMCC”). The Budget is consistent with the ECMCC Strategic Plan and reflects investments made, or to be made, over the budget year. Investment returns, of course, are not only measured in financial terms, but also in terms of achieving the ECMCC mission, improving clinical quality, service excellence, and the health of the communities ECMCC serves.

Budgetary assumptions are a key component of the process that was followed in developing the Budget. The following summarizes management’s perspective in the development of these assumptions.

Management Discussion and Analysis

Budget Goals:

The achievement of an operating margin is a critical factor in generating sufficient cash flows to support the investment of capital in new programs and services. As a result of the ECMCC's mission to serve those unable to pay and expense inflation greater than reimbursement rate growth an operating margin of 0.4% has been budgeted. This level of performance is relatively and conservatively consistent with recent historical operating margin performance, which allows ECMCC to meet its obligations, and continue to invest in new programs and services for the communities we serve.

Activity Levels:

The Budget has been prepared on a consistent basis with current and prior year activity levels. Further consideration was given to the changes in evidence based medicine supporting clinical practice utilization rates, the goals of the NYS Medicaid Redesign effort, including the Delivery System Reform Incentive Payment program (DSRIP), changing regulations and payer payment policies, and other factors. Management believes that the levels of activity contained within the Budget are attainable.

Management Discussion and Analysis

Revenue and Reimbursement:

Management has completed a review of ECMCC's charge master and pricing schemes. The evaluation of gross revenue prices compared to market factors is currently in process, which management expects to be completed by the fourth quarter of 2018. The budget reflects an overall gross revenue increase consistent with broad market observations. The increasing consumer responsibility for healthcare costs and pricing transparency are also being considered as part of this overall evaluation.

Reimbursement from government payers has been incorporated based on current regulations and, where Management has evaluated as probable, proposed regulations. Reimbursement from commercial payers has been incorporated into the Budget based on current contracts, or at rates that Management has evaluated as probable for contracts currently being negotiated. Increases in net revenue associated with revenue cycle improvement initiatives have also been incorporated at levels that Management believes are attainable. Other Operating Revenue has been budgeted based on historical experience. Disproportionate Share and UPL payments have been budgeted based on the most current information available to Management at the time the Budget has been prepared.

Management Discussion and Analysis

Operating Expenses:

Operating expenses have been budgeted based on the volume of anticipated activity and adjusted for salary rate increases consistent with collective bargaining agreements, estimated benefit cost increases, supply and other expense inflation rates as well as impacts of critical performance improvement initiatives. Management believes that the expenses contained in the Budget are reasonable and attainable.

Non-Operating Revenue:

Non-Operating Revenues have been budgeted based on interest and dividend income only and do not consider realized or unrealized investment gains or losses associated with market movements.

Net Position:

The Net Position presented at December 31, 2018, and in future periods, has been adjusted to reflect the adoption of GASB75 Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions

Management Discussion and Analysis

Cash Flows:

Cash Flows have been budgeted based on the results of operations, investments in capital assets, required principal payments on long-term debt, funding of employee benefit plans and a stable net working capital position.

Range of Outcomes and Contingency Plans:

Management has considered the sensitivity of each material assumption within the Budget. Management believes that the Budget is reasonably positioned within the range of potential outcomes and recognizes its responsibility for achieving these results.

Regulatory Budget Reporting Requirements

- All requirements have been met
 - NYCRR, Part 203, Chapter V, Title 2
 - This package communicates each of the 18 requirements
- New York State Office Of The State Comptroller
- Authority Budget Office
- PARIS submission and certification

Budget Process

- Executive Leadership Team (ELT) adopt budget schedule and goals
- Budget schedule reviewed with Finance Committee of Board
- Using the year to date 2018 performance budget and known/anticipated budget variances a baseline budget and financial projections were prepared
- Budget assumptions reviewed with Finance Committee of Board
- ELT meetings with department managers to align goals with operational performance
- Budget status report to Finance Committee of Board
- ELT meetings to challenge baseline budgets and make decisions to achieve goals
- ELT budget recommendation reviewed and approved by Finance Committee of ECMCC Board
- Budget recommendation reviewed and approved by ECMCC Board

Increases In Staffing	185	11,135
Contractual Wage & Step Increases (3.5%)		6,277
2019 = 3,314 FTE's (94.2%)		
Non-Unionized Workforce (2018 = 5.9% of Total)		
Increases In Staffing	10	690
Wage Increases (3.0%)		729
2019 = 205 FTE's (5.8%)		
Budget 2019 FTE's / Salaries and Wages	<u>3,519</u>	<u>250,331</u>

Benefits Expense

Benefits:

- Net increase of \$1.6 Million or (1.4%)
 - 51.0% (2018) of salaries to 48.2% (2019) of salaries
- Increases:
 - Health insurance – active and retiree's
 - 8% Health/Dental insurance utilization and rate increase
 - Increase in employees due to volume
 - LMHF Dependent Eligibility Audit savings
 - Payroll taxes on increased salaries
- Decreases:
 - New York State Pension – GASB 68
 - Retiree Health Insurance – Adoption of GASB 75

Other Operating Expenses

Physician & Residents:

- Net increase of \$0.5 Million (0.6%)
 - Increases in contractual obligations to meet additional volume requirements and contractual rate increases
 - Increases in number of physicians partially offset by enhanced revenue

Contractual Fees:

- Net decrease of \$3.9 Million (-7.5%)
 - Reduction in consulting, purchased services and maintenance contracts driven by specific initiatives

Supplies:

- Net increase of \$2.1 Million (2.4%)
 - Pharmaceuticals – 5%
 - 8% inflation offset by 3% cost saving initiatives
 - Medical Supplies – 1%
 - 2% inflation offset by 1% GPO/joint purchase savings and other initiatives

Cash Flow Assumptions

- Net decrease in cash of \$16.7 Million
 - 104.7 days cash to 94.6 days cash
- Accounts receivable decrease of \$11.7 Million
 - 68 days to 58 days
- Consistent other net working capital accounts
- Consistent capital budget spend of \$15.0 Million

Budget Assumptions

- Revenue Cycle performance improvements
- IGT / UPL
- NYSNA Negotiations
- Health insurance expense
- GASB 68 and GASB 75 valuations
- Supply chain savings
- Management of contractual fees

Performance Improvement Opportunities

- Continued growth strategies including continuum of care management
- Continued coordination of support services functions across Great Lakes Health
- Continued development of joint clinical programs with Kaleida
- Structured service line monitoring process with manager accountability
- Physician engagement in performance improvement initiatives

Emerging Issues and Accounting Pronouncements

- Federal and NYS legislative and funding uncertainty
- GASB 83 – contingent asset retirement obligations
- GASB 87 – accounting for leases
- GASB 89 – accounting for capitalized interest

Capital Budget Summary

- \$96.2 Million construction projects
 - \$66.4 Million from financing proceeds
 - \$4.7 Million from Equity / Capital Campaign Receipts
 - \$25.1 Million from internal funds
- \$15.0 Million consistent capital spend

5 Year Financial Projections

- Phase into a 1.0% Operating Margin
- Reimbursement rate increases consistent with 2019 budget
- IGT/UPL increases based on current projections
- Continued trend in benefits % of salary expense reduction
- Supply and other expense inflation consistent with current trend

BY-LAWS
OF
ERIE COUNTY MEDICAL CENTER CORPORATION

PREAMBLE

The State of New York has enacted legislation, codified at Article 10-C of the Public Authorities Law of the State of New York (the “Act”), creating the Erie County Medical Center Corporation (“ECMCC” or the “Corporation”). These by-laws are intended to supplement the requirements of the Act.

ARTICLE I
OFFICES

ECMCC may maintain offices at such places within or without Erie County, New York as the Board of Directors may, from time to time, determine.

ARTICLE II
PURPOSE OF BY-LAWS

Pursuant to the broad powers granted by the Act, the Board of Directors of ECMCC (the “Board”) has adopted these By-Laws, to govern and manage its proceedings and affairs and for the advice and guidance of its members, and nothing contained in these By-Laws shall be deemed, nor are they intended in any manner or degree, to limit or restrict the power and right of the Board under existing law, to manage, control, operate and administer ECMCC and its personnel, patients and medical staff.

ARTICLE III
CORPORATE PURPOSE

To continue as a general, municipal hospital and provide health care services and health facilities for the benefit of the residents of the State of New York and the County of Erie, including persons in need of health care services without the ability to pay, as required by law.

ARTICLE IV
ERIE COUNTY MEDICAL CENTER CORPORATION BOARD OF DIRECTORS

Section 1. General Powers.

In addition to the powers and authorities expressly conferred by these By-laws, the Board may exercise all such general and special powers of the Corporation and do all such lawful acts and things as enumerated by the Act.

Section 2. Hiring Powers.

The Board shall hire, determine the compensation and benefits, and annually review the performance of the Chief Executive Officer (“CEO”) and President of the Corporation. After

November 1, 2018, appointments made to fill the roles of the Chief Operating Officer (“COO”), Chief Financial Officer (“CFO”), Chief Medical Officer (“CMO”), Administrator of Terrace View, Associate Administrator for Health Systems Development, Internal Auditor and General Counsel of the Corporation shall be made by the CEO of the Corporation, who shall thereafter also be responsible for determining the compensation and benefits of the persons occupying these positions and for the annual review of the incumbents. The Board shall have the authority to discharge the CEO with or without cause; provided that the removal shall not prejudice the contract rights, if any, of such executive. The CEO shall have the authority to discharge the COO, CFO, CMO, Administrator of Terrace View, Associate Administrator for Health Systems Development, Internal Auditor and General Counsel with or without cause, provided that the removal shall not prejudice the contract rights, if any, of such executive.

Section 3. Voting Directors.

The Corporation shall be governed by fifteen voting Directors. The membership, term of office, selection of the voting Directors and the powers and duties of the Board shall be in accordance with the Act and these By-laws.

Section 4. Nonvoting Representatives.

The Corporation shall have four nonvoting Representatives. The term of office, selection and powers and duties of the nonvoting Representatives shall be in accordance with the Act and these By-laws. For the purpose of these By-Laws, the term “member” or “Board member” shall refer to both voting Directors and non- voting Representatives.

Section 5. Resignation.

Any Director or Representative may resign at any time by giving written notice to the Chairperson of the Board. Such resignation shall take effect at the time specified therein and unless otherwise specified therein the acceptance of such resignation shall not be necessary to make it effective.

Section 6. Removal.

Members of the Board may be removed from office by the Board for inefficiency, neglect of duty, or misconduct of any kind, including but not limited to violation of the law, after the Board has given such member a copy of the charges against him or her and an opportunity to be heard in person or by counsel in his or her defense, upon not less than ten days’ notice.

Section 7. Vacancies.

Vacancies occurring other than by expiration of term shall be filled for the unexpired terms in the manner provided for original appointment in accordance with the Act.

Section 8. Monthly Meetings.

The Board shall hold regular monthly meetings at the ECMCC offices or other convenient locations as designated by the Board at such time as the Board may designate. In the event that a previously scheduled regular monthly meeting may not be required for a particular month, the Board may cancel that meeting.

Section 9. Annual & Special Meetings.

A meeting of the Board shall be held annually at which time officers of the Corporation shall be elected. A special meeting may be called by the Chairperson or Vice Chairperson acting in the Chairperson’s absence, or by any three (3) members of the Board at any time upon proper notice

under the Public Officers Law. The only action that can be taken at a special meeting is the consideration of the subject or subjects designated in the notice for the special meeting.

Section 10. Open Meetings Law.

All meetings of the Board shall comply with the requirements of Article 7 of the Public Officers Law. In a regular, annual or special meeting, the Board may request an Executive Session pursuant to Article 7 of the Public Officers Law or applicable sections of the Act.

Section 11. Quorum.

The powers of the Corporation shall be vested in and shall be exercised by the Board at a duly called and held meeting, where a quorum of eight Directors is present. No action shall be taken by the Corporation except pursuant to the favorable vote of at least eight Directors present at the meeting at which such action is taken.

Section 12. Telephone Meetings.

The members of the Board or any committee thereof may participate in a meeting of such Board or committee by means of a conference telephone or similar communications equipment allowing all persons participating in the meeting to hear each other at the same time. Participation by such means shall constitute presence in person at a meeting.

Section 13. Action by Written Consent.

To the extent permitted by law, any action required or permitted to be taken by the Board or any committee thereof may be taken without a meeting if all members of the Board or the committee consent in writing to the adoption of a resolution authorizing the action. The resolution and the written consents thereto by the members of the Board or committee shall be filed with the minutes of the proceedings of the Board or committee.

Section 14. Minutes of Meetings.

The Board shall keep a written record of all business conducted, including resolutions, findings, conclusions and recommendations that shall be filed with the minutes of the proceedings of the Board or committee.

Section 15. Compensation.

Neither the voting Directors nor the nonvoting Representatives shall receive compensation for their services, but shall be reimbursed for all their actual and necessary expenses incurred in connection with their duties under the Act and these By-laws.

Section 16. Defense and Indemnification.

The Corporation shall defend and indemnify the Directors of the Corporation and its officers for any and all lawful actions executed in the performance of their duties, to the full extent to which indemnification is permitted under the laws of the State of New York.

Section 17. Extension of Credit.

Pursuant to New York Public Authorities Law Section 2824(5), the Corporation shall not, directly or indirectly, including through any subsidiary, extend or maintain credit, arrange for the extension of credit, or renew any extension of credit, in the form of a personal loan to or for any Director, officer, or employee (or equivalent thereof) of the Agency.

ARTICLE V
OFFICERS

Section 1. General.

The officers of the Corporation shall be elected by the Board and shall be comprised of a Chairperson of the Board, a Vice Chairperson of the Board, a CEO, a Secretary, and a Treasurer. The Board may also appoint an Assistant Secretary and such other officers as the Board shall from time to time provide. All such officers shall exercise the duties as described in the Act, applicable law, by these By-Laws, and/or by Board resolution.

Section 2. Election, Term of Office.

The officers of the Corporation shall be elected by the Board at its annual meeting. Each officer elected shall hold office until his successor has been duly chosen and has qualified or until his or her earlier resignation or removal.

Section 3. Resignation.

Any officer may resign at any time by giving written notice thereof to the Board, provided that the resignation shall not prejudice the contract rights, if any, of the Corporation. Any such resignation shall take effect at the time specified therein and unless otherwise specified therein the acceptance of such resignation shall not be necessary to make it effective.

Section 4. Removal.

The Directors shall have the authority to discharge any officer with or without cause; provided that the removal without cause shall not prejudice the contract rights, if any, of the officer.

Section 5. Vacancies.

In the event of a vacancy occurring in the office of the Chairperson or Vice Chairperson, any member designated by the Board shall serve as Acting Chairperson for that meeting. In the event of a vacancy occurring in any other office, any member designated by the Board shall serve as an Acting officer for that meeting.

Section 6. Chairperson of the Board.

The Directors shall, by majority vote, select one of the fifteen Directors as the Chairperson of the Board. The Chairperson shall preside over all meetings of the Board, shall chair the Executive Committee of the Board, and shall have such other duties as the Directors may provide. Other than the Governance Committee, the Chairperson shall serve ex officio on all Board committees with full voting rights. The Chairperson shall serve for a two year term of office. No member of the Board shall be permitted to serve more than two consecutive two year terms as Chairperson of the Board.

Section 7. Vice-Chairperson(s) of the Board.

The Directors shall, by majority vote, select one or more of the fifteen Directors as the Vice-Chairperson of the Board. The Vice-Chairperson shall preside over all meetings where the Chairperson of the Board is absent, and shall have such other duties as the Directors may provide. The Vice-Chairperson shall serve for a two year term of office. At least one Vice-Chairperson shall be designated by a majority vote of the Board as "Vice-Chair, Chair-Elect" in the second year of that Vice-Chairperson's term of office. At the conclusion of the term of the Vice-Chair, Chair-Elect, the Board shall retain authority to appoint the Vice-Chair, Chair-Elect or any other member of the Board of Directors as Chairperson of the Board of Directors.

Section 8. Chief Executive Officer.

The Board shall hire, set the compensation of, execute direct oversight of, and annually review the performance of the CEO. The CEO shall carry out the policies of the Board, provide services to the Board; and shall be subject to the By-Laws, rules and regulations of the Board. He or she shall have all the general powers and duties of a Superintendent of a public general municipal hospital as set forth and enumerated in the General Municipal Law of the State of New York, Section 129, sub. 1 through 9 as amended and of a chief executive officer as set forth in Title 10, subpart 405.3 of the New York Codes, Rules and Regulations and the Act. The CEO shall provide leadership, direction, and administration in all aspects of the Corporation's activities and other corporate entities to ensure compliance with established objectives and the realization of quality, economical health care services, and other related lines of business. The CEO shall ensure the Corporation's compliance with all applicable laws and regulations. The CEO shall submit monthly and special reports to the Board and its committees regarding strategic, operational and financial performance, along with the current status of ECMCC services and facilities. The CEO shall be expected to provide feedback to the Board regarding those employees which report directly to the CEO. The CEO shall ensure that subordinate officers provide meaningful reports to the Board regarding the previous month's activities. The CEO shall coordinate with the Board, Medical Staff, and other Corporation personnel to respond to the community's needs for quality healthcare services and monitor the adequacy of the Corporation's medical activities.

Section 9. President.

The Board shall hire, set the compensation and annually review the performance of the President. The duties of the President shall be distinct from the duties of other officers of the Corporation and shall be enumerated in a job description reviewed by the Executive Committee of the Board.

Section 10. Secretary & Assistant Secretary.

The Board shall, by majority vote, select either Directors or Representatives to serve as the Secretary and Assistant Secretary, if applicable. The Secretary shall send notices for all meetings of the Board. The Secretary shall act as custodian for all records and reports, and shall be responsible for keeping and reporting of adequate records of all meetings of the Board. The Secretary may delegate these duties to another officer to act on his/her behalf. The Secretary will approve and sign the minutes of all meetings of the Board which shall be kept in an official record book. In the absence of the Secretary at any meeting, the Assistant Secretary, if applicable, or any member designated by the Chairperson shall act as the Secretary for that meeting.

Section 11. Treasurer.

The Board shall, by majority vote, select either a Director or a Representative to serve as the Treasurer. The Treasurer shall monitor the financial affairs of ECMCC as managed by the officers of the Corporation and. The Treasurer will also have the power to establish bank accounts in the name of the Corporation. He or she shall do and perform all other duties incident to the office of Treasurer as may be prescribed by the Board from time to time.

Section 12. Immediate Past Chair.

The Immediate Past Chair of the Board shall remain available to the Board and the Chair for purposes of transitional continuity and may be appointed to serve as a member of any Standing or Special Committee of the Board, assuming his or her term of office as a Director has not expired.

ARTICLE VI COMMITTEES

General Rules

Section 1. General.

The Standing Committees of the Board shall be: the Executive Committee, the Quality Improvement Committee, the Finance Committee, the Audit and Compliance Committee, the Building and Grounds Committee, the Human Resources Committee, the Executive Compensation Committee, the Ethics Committee, the Terrace View Quality Improvement Committee, the Governance Committee, the Investment Committee and the Contracts Committee. At the discretion of the Chairperson, and upon the advice of the Board, additional special committees may be appointed to address specific issues.

Section 2. Appointment of Committees.

The Chairperson of the Board shall appoint all members of standing and special committees. Appointments will be made at the first regular meeting following the annual election of officers, or at such other time deemed necessary by the Chairperson. The Chairperson of the Board shall appoint a Chairperson for each committee. Committee Chairpersons shall serve one year terms of office. The Chairperson may appoint individuals other than Board members to committees either standing or special, except the Executive Committee.

Section 3. Resignation.

A committee member may resign at any time by giving written notice to the Chairperson of the Board. Such resignation shall take effect at the time specified therein and unless otherwise specified therein the acceptance of such resignation shall not be necessary to make it effective.

Section 4. Removal.

Committee members may be removed from committee membership by the Board for inefficiency, neglect of duty, or misconduct of any kind, including but not limited to, violation of the law, after the board has given such member a copy of the charges against him or her and an opportunity to be heard in person or by counsel in his or her defense, upon not less than ten days' notice.

Section 5. Vacancies.

Vacancies occurring otherwise than by expiration of term of office shall be filled for the unexpired terms by appointment from the Chairperson of the Board.

Section 6. Quorum.

At a committee meeting, a quorum shall be one-half the number of members of the committee.

Section 7. Voting.

Only the members of the Board serving on a Standing or Special Committee, or an appointed non-member of the Board serving on a Standing or Special Committee, and the Chairperson of the Board serving ex officio, shall have a vote.

Section 8. Minutes.

Each committee meeting shall have an agenda, time convened and adjourned recorded, and shall submit minutes of its meeting to the Secretary of the Board in advance of the regular monthly meeting.

Standing Committees

Section 9. The Executive Committee.

The Executive Committee shall consist of four (4) Board members. The Corporation's General Counsel and Chief Executive Officer shall serve ex officio as members of the Executive Committee. Other members of the Board may be added when advisable. The Chairperson shall preside at all meetings of the Committee. The Executive Committee shall meet at least quarterly, or upon the call of the Chairperson.

Section 10. The Quality Improvement Committee.

The Quality Improvement Committee shall consist of three (3) members. The Chairperson of the Committee may, in his or her discretion, request the presence of other persons, as the issues before the Committee may dictate. The Committee shall meet at least quarterly, or upon the call of the Chairperson. The Committee shall be responsible for the following:

- a. Inform the Board of patient safety, performance improvement and quality assurance issues of relevance to ECMCC.
- b. Establishment, maintenance and operation of a coordinated quality assurance program integrating the review of activities of all hospital services in order to enhance the quality of patient care and to identify and prevent professional malpractice. The specific responsibilities of the Committee are further set forth in the quality assurance plan of the hospital.
- c. Other duties and responsibilities as may be assigned from time to time by the Board.

Section 11. The Finance Committee.

The Finance Committee shall consist of five (5) financially literate members of the Board. The Chairperson of the Committee may, in his or her discretion, request the presence of other persons, as the issues before the Committee may dictate. The Finance Committee shall meet at least quarterly, or upon the call of the Chairperson. The Committee shall be responsible for the following:

- a. Review relevant budgets of the Corporation and maintain ongoing oversight of the financial situation of the Corporation.
- b. Oversee, evaluate, and where appropriate, make recommendations with respect to financial operations of the Corporation.
- c. Other duties and responsibilities as may be assigned from time to time by the Board.

Section 12. The Audit & Compliance Committee.

The Audit & Compliance Committee shall consist of at least four (4) members. At least three (3) of the Committee's members shall be independent, as that term is defined by state law. The Corporation's General Counsel shall serve ex officio as a member of the Audit & Compliance Committee. The Chairperson of the Committee may, in his or her discretion, request the presence of other persons, as the issues before the committee may dictate. The Audit & Compliance Committee shall meet at least quarterly, or upon the call of the Chairperson. The Committee shall be responsible for the following:

- a. Oversight of any independent auditors engaged by ECMCC.
- b. Oversight of all ECMCC internal audit processes.
- c. Other duties and responsibilities as may be assigned from time to time by the Board.
- d. Collaboration with the Quality Improvement Committee in the establishment and maintenance of a coordinated quality assurance program.

- e. Collaboration with the Compliance Officer on the establishment, maintenance and operation of a comprehensive compliance program, which shall comply with the Office of the Inspector General Compliance Program Guidance for Hospitals. Specifically, the Committee shall:
 - 1. Analyze the legal requirements and specific risk areas of the health care industry,
 - 2. Assess existing policies that address legal requirements and risk areas for possible incorporation into the ECMCC compliance program,
 - 3. Work with ECMCC departments to develop standards of conduct and policies and procedures to promote compliance with the ECMCC compliance program,
 - 4. Recommend and monitor the development of internal systems and controls to carry out ECMCC's standards, policies and procedures as part of its daily operations,
 - 5. Determine appropriate strategy to promote compliance with the ECMCC compliance program and detection of possible violations, including fraud reporting mechanisms, and
 - 6. Develop a system to solicit, evaluate and respond to complaints and problems.

Section 13. Buildings and Grounds Committee.

The Buildings and Grounds Committee shall consist of three (3) members. The Corporation's General Counsel shall serve ex officio as a member of the Buildings and Grounds Committee. The Chairperson of the Committee may, at his or her discretion, request the presence of other persons, as the issues before the Committee may dictate. The Buildings and Grounds Committee shall meet at least quarterly, or upon the call of the Chairperson. The Committee shall be responsible for the following:

- a. Evaluation and provision of recommendations with respect to proposed and ongoing construction and renovation projects and budgets.
- b. Other duties and responsibilities as may be assigned from time to time by the Board.

Section 14. The Human Resources Committee.

The Human Resources Committee shall consist of three (3) members. The Chairperson of the Committee may, in his or her discretion, request the presence of other persons, as the issues before the Committee may dictate. The Committee will meet at least quarterly or upon the call of the Chairperson. The Committee shall be responsible for the following:

- a. Establishment of a formal channel of communication among the Board, ECMCC management and the Labor Unions.
- b. Responsibility for assuring that appropriate guidelines are in place and monitored to ensure and maintain open communication.
- c. Discussion of issues that arise in the operation of the hospital as they affect all parties.
- d. Other duties and responsibilities as may be assigned from time to time by the Board.

Section 15. The Executive Compensation/Evaluation Committee.

The Executive Compensation/Evaluation Committee shall consist of no more than four (4) members of the Board. No person whose compensation is determined by the Executive Compensation/Evaluation Committee may serve as a member of the Committee. The Chairperson of the Committee may, in his or her discretion, request the presence of other persons, as the issues before the committee may dictate. The Executive Compensation/Evaluation Committee shall

meet at least quarterly, or upon the call of the Chairperson. The Committee shall be responsible for the following:

- a. Evaluation, at least annually, of the CEO and President of the Corporation.
- b. Determination of the compensation, including benefits, of the above listed Corporation executives.
- c. Other duties and responsibilities as may be assigned from time to time by the Board.

Section 16. The Ethics Committee.

The Ethics Committee shall consist of at least one (1) member. The Committee Chairperson may, at their discretion, request the presence of other persons, as the issues before the committee may dictate. The Ethics Committee shall meet at least quarterly, or upon the call of the Chairperson. The Committee shall be responsible for the following:

- a. Promotion of ethics, integrity, and compliance with laws, policies, and procedures.
- b. Other duties and responsibilities as may be assigned from time to time by the Board.

Section 17. The Terrace View Quality Improvement Committee.

The Terrace View Quality Improvement Committee shall consist of at least one (1) member. The Committee shall meet at least quarterly, or upon the call of the Chairperson. The Committee shall be responsible for the following:

- a. Establishment and maintenance of a coordinated quality assurance program as specifically applicable to Terrace View.
- b. Other duties and responsibilities as may be assigned from time to time by the Board.

Section 18. The Governance Committee.

The Governance Committee shall consist of at least four (4) independent members, as that term is defined in New York Public Authorities Law §2825. The Chief Executive Officer and the General Counsel for the Corporation shall serve ex officio as members of the Committee, and the Chairperson of the Board may attend Committee meetings, but will not be a member of the Committee and will not vote. The Committee Chairperson may, at his or her discretion, request the presence of other persons as issues before the Committee may dictate. The Governance Committee shall meet at least semi- annually, or upon the call of the Committee Chairperson. The Committee shall be responsible for the following:

- a. Provision of information to the Board regarding current best governance practices.
- b. Review of corporate governance trends.
- c. Recommend updates to the Corporation's governance principles.
- d. Provision of advice to the Governor and to the Erie County Executive in their appointment of potential Board members regarding the skills and experience required of Board members.
- e. Annually review and, as necessary, make recommendations to the Board regarding updating of the Corporation's Bylaws.
- f. Other duties and responsibilities as may be assigned from time to time by the Board.

Section 19. The Investment Committee.

The Investment Committee shall consist of at least three (3) members. The Chair of the Finance Committee and the Chief Executive Officer shall serve ex officio as members of the Investment Committee and the Chief Financial Officer shall serve as staff to the Committee. The Committee Chairperson may, at his or her discretion, request the presence of other persons as issues before the Committee may dictate. The Investment Committee shall meet at least semi-annually, or upon the call of the Committee Chairperson. The Committee shall be responsible for the following:

- a. Recommendations regarding the designation of the Corporation's investment officer.
- b. Recommendations regarding investment policies and procedures consistent with applicable law and the needs of the Corporation.
- c. Implementation of appropriate internal controls for investments.
- d. Recommendations regarding the selection of the Corporation's investment advisors and investment managers.
- e. Review of independent audits of the investment program.
- f. Review of quarterly reports from the Corporation's investment advisors and investment managers.
- g. Reports to the Board on a quarterly basis.
- h. Monitoring the Corporation's system of internal controls and the performance of the Corporation's investment advisors and investment managers.
- i. Other duties and responsibilities as may be assigned from time to time by the Board.

Section 20. The Contracts Committee.

The Contracts Committee shall consist of at least three (3) members. The Contracts Committee shall review and make recommendations to the Board with respect to the approval of all contracts required to be approved by the Board pursuant to Corporation policy and applicable law, including Section 2879(3)(b)(ii) of the Public Authorities Law. The Contracts Committee shall meet at least quarterly or upon the call of the Committee Chairperson. The Committee shall be responsible for the following:

- a. Review of contracts of the Corporation requiring Board approval and making recommendations to the Board regarding contracts of the Corporation.
- b. Annual review of contracts requiring such review pursuant to Corporation policy and/or applicable law.
- c. Reports to the Board on a monthly basis regarding the foregoing subsections.
- d. Other duties and responsibilities as may be assigned from time to time by the Board.

ARTICLE VII
MEDICAL/DENTAL STAFF

Section 1. Organization.

The Board shall cause to be created a medical staff organization to be known as the ECMC Medical Dental Staff ("Medical Staff") whose membership shall be comprised of certain categories of health care practitioners, as determined by the Board. Members of the Medical Staff may only practice within the scope of privileges granted by the Board.

Section 2. Medical Staff Governance Documents.

The Medical Staff shall develop, adopt and at least once every three years review the following Medical Staff Governance Documents: By-Laws; Rules & Regulations; Credentials Procedures Manual; and Collegial Intervention, Peer Review, Fair Hearing & Appellate Review Procedures. These Governance Documents shall establish controls that are designed to ensure the achievement and maintenance of the highest quality medical care and high standards of professional and ethical practice. The Board shall approve all such Medical Staff Governance Documents.

Section 3. Appointment of Medical Staff.

Appointments and reappointments to the Medical Staff shall be made by the Board. The Board shall be responsible for granting and defining the scope of the clinical privileges to be exercised by each member of the Medical Staff, including but not limited to providing approval of modifications, suspensions and termination of such privileges and Medical Staff membership in accordance with the Medical Staff Governance Documents and written ECMCC policies. In acting on matters of Medical Staff membership and scope of privileges, the Board shall consider the recommendations of the Medical Staff's Medical Executive Committee. The procedures for Medical Staff appointment are more specifically outlined in the Medical Staff's Credentials Procedure Manual.

Section 4. Authority for Medical Staff Conduct.

Ultimate responsibility for the conduct of the Medical Staff remains with the Board. The Board shall enforce compliance with all medical staff Governance Documents by all members of the Medical Staff. No assignment, referral or delegation of authority by the Board to the Medical Director, COO, CEO, the Medical Staff or any other person shall preclude the Board from exercising the authority required to meet its responsibility for the conduct of the Corporation. The Board retains the right to rescind any such delegation.

Section 5. Duties of the Medical Staff.

The Board shall delegate to the Medical Staff the authority to monitor, evaluate and document professional performance of Medical Staff members in accordance with its Governance Documents. The Board shall hold the Medical Staff accountable, through the chiefs of service of the departments and the Medical Director, for making recommendations based on well-defined and written criteria related to the goals and standards of the Corporation concerning Medical Staff appointments, reappointments and clinical privileges.

Section 6. Quality of Patient Care.

The Medical Staff is accountable to the Board for the quality of care provided to patients.

Section 7. Rights at Meetings.

Members of the Medical Staff shall be entitled to be heard at all public meetings and committee meetings of the Board.

ARTICLE VIII
STANDARDS OF PATIENT CARE

The Board shall require that the following patient care practices are implemented, shall monitor ECMCC's compliance with these patient care practices, and shall take corrective action as necessary to attain compliance:

- a. Every patient of ECMCC, whether an in-patient, emergency patient, or out-patient, shall be provided care that meets generally accepted standards of professional practice.
- b. Every patient is under the care of a health care practitioner who is a member of the medical staff.
- c. Patients are admitted to ECMCC only on the recommendation of a member of the medical staff permitted by the State law and Medical Staff Governance Documents to admit patients to the hospital.
- d. A physician, a registered physician's assistant or a nurse practitioner, under the general supervision of a physician, is on duty at all times in the hospital.
- e. A physician shall be responsible for the care of each patient with respect to any medical or psychiatric problem that is present on admission or develops during hospitalization.
- f. In the event that human research is conducted within ECMCC, written policies and procedures shall be adopted and implemented pursuant to the provisions of Public Health Law Article 24-A for the protection of human subjects.
- g. ECMCC shall have available at all times personnel sufficient to meet patient care needs.

ARTICLE IX
THE SCHOOL OF MEDICINE
STATE UNIVERSITY OF NEW YORK AT BUFFALO

The Board strongly supports the relationship between ECMCC and the School of Medicine and Biomedical Sciences of the State University of New York at Buffalo through an affiliation agreement. The Board shall take all appropriate action to retain and enhance the benefits arising from said relationship provided that the Board shall hold uppermost the discharge of its legal and fiduciary duties to ECMCC.

ARTICLE X
SUBSIDIARY CORPORATIONS AND ENTITIES

Except as expressly limited by law, the Corporation may exercise and perform all or part of its purposes, powers, duties, functions or activities through one or more subsidiary corporations or companies owned or controlled wholly or in part by the Corporation, which shall be formed pursuant to the Business Corporation Law, the Limited Liability Company Law, or the Not-For-Profit Corporation Law. Any such subsidiary may be authorized to act as a general or limited partner in a partnership or as a member of a limited liability company and to enter into an arrangement calling for an initial and subsequent payment by such subsidiary in consideration of an interest in revenues or other contractual rights. The Board has the exclusive authority to create subsidiaries or other entities related to the Corporation.

ARTICLE XI
CODE OF ETHICS AND CONFLICTS OF INTEREST

Section 1. Responsibility of Members of the Board and Employees.

This Code of Ethics shall apply to all officers and employees of the Corporation. These policies shall serve as a guide for official conduct and are intended to enhance the ethical and professional performance of the Corporation's directors and employees and to preserve public confidence in the Corporation's mission. It is accordingly the responsibility of each member of the Board and each employee to perform in accordance with the following:

- a. Each member of the Board and all employees of the Corporation shall perform their duties with transparency, without favor and refrain from engaging in outside matters of financial or personal interest, including other employment, that could impair independence of judgment, or prevent the proper exercise of one's official duties.
- b. Each member of the Board and all employees shall not directly or indirectly, make, advise, or assist any person to make any financial investment based upon information available through the director's or employee's official position that could create any conflict between their public duties and interests and their private interests.
- c. Each member of the Board and all employees shall not accept or receive any gift or gratuities where the circumstances would permit the inference that: (a) the gift is intended to influence the individual in the performance of official business or (b) the gift constitutes a tip, reward, or sign of appreciation for any official act by the individual. This prohibition extends to any form of financial payments, services, loans, travel reimbursement, entertainment, hospitality, thing or promise from any entity doing business with or before the Corporation.
- d. Each member of the Board and all employees shall not use or attempt to use their official position with the Corporation to secure unwarranted privileges for themselves, members of their family or others, including employment with the Corporation or contracts for materials or services with the Corporation.
- e. Each member of the Board and all employees must conduct themselves at all times in a manner that avoids any appearance that they can be improperly or unduly influenced, that they could be affected by the position of or relationship with any other party, or that they are acting in violation of their public trust.
- f. Each member of the Board and all employees may not engage in any official transaction with an outside entity in which they have a direct or indirect financial interest that may reasonably conflict with the proper discharge of their official duties.
- g. Each member of the Board and all employees shall manage all matters within the scope of the Corporation's mission independent of any other affiliations or employment. Directors, including ex officio board members, and employees employed by more than one government entity shall strive to fulfill their professional responsibility to the Corporation without bias and shall support the Corporation's mission to the fullest.

- h. Each member of the Board and all employees shall not use Corporation property, including equipment, telephones, vehicles, computers, or other resources, or disclose information acquired in the course of their official duties in a manner inconsistent with State or local law or policy and the Corporation's mission and goals.
- i. Each member of the Board and all employees are prohibited from appearing or practicing before the Corporation for two (2) years following employment with the Corporation consistent with the provisions of Public Officers Law.

Section 2. Implementation of Code of Ethics.

This Code of Ethics shall be provided to all members of the Board and all employees upon commencement of employment or appointment and shall be reviewed annually by the Governance Committee.

Section 3. Compliance.

The members of the Board agree to comply with all applicable local and state regulations and laws regarding conflicts of interest.

Section 4. Conflict of Interest Policy.

The Board shall develop, implement, and update as needed a written policy governing conflicts of interest by members of the Board. The policy shall be reviewed annually by the Governance Committee and included and incorporated into these By-Laws as Appendix A.

Section 5. Disclosure of Personal Interest and Abstention.

It is the responsibility of every Board member to disclose to the Chairperson of the Board any personal or business interest in any matter that comes before the Board for consideration. Each member of the Board shall abstain from voting on any matter in which he or she has a personal or business interest.

Section 6. Self-Dealing.

The Corporation shall not engage in any transaction with a person, firm, or other business entity in which one or more of the Board members has a financial interest in such person, firm or other business entity, unless such interest is disclosed in good faith to the Board, and the Board authorizes such transaction by a vote sufficient for such purpose, without counting the vote of the interested Board member.

Section 7. Influence of Decision Makers.

No member of the Board shall use his or her position to influence the judgment or any decision of any Corporation employee concerning the procurement of goods or services on behalf of the Corporation.

Section 8. No Forfeit of Office or Employment.

Except as provided by law, no officer, member, or employee of the state or of any public corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a director, nonvoting representative, officer, or employee of the Corporation, nor shall such service as such a director, nonvoting representative, officer or employee be deemed incompatible or in conflict with such office or employment; and provided further, however, that no public officer elected to his or her office pursuant to the laws of the state or any municipality thereof may serve as a member of the governing body of the Corporation during his or her term of office.

ARTICLE XII
AMENDMENTS

These By-Laws of the Board may be amended by the affirmative vote of a quorum of members at the annual meeting, special or regular meetings of the Board, provided that a full presentation of such proposed amendment(s) shall have been presented to the Board at least thirty (30) days prior to the meeting, unless waived by majority of the whole number of the members of the Board.
