## INTRODUCTION

In an infectious disease outbreak, when social distancing and self-quarantine are needed to limit and control the spread of the disease, continued social connectedness to maintain recovery is critically important. Virtual resources can and should be used during this time. Even after a pandemic, virtual support may still exist and still be necessary.

This tip sheet describes resources that can be used to virtually support recovery from mental/substance use disorders as well as other resources.

### **ADDICT 2 ADDICT, FAMILY 2 FAMILY (A2A, F2F) PEER & FAMILY SUPPORT**

**Phone: 716-836-2726**

[Addict 2 Addict \(a2awny.org\)](http://a2awny.org)

A2A, F2F offers Peer & Family support to people with Substance Use Disorder (SUD) and their families/friends/significant others. The A2A, F2F team is made up of Peers who are in recovery themselves and have family members or a loved one with SUD. The Peers share their own lived experience with recovery with those seeking help from SUD.

- A2A Peers are non-judgmental, have suffered their own SUD, understand the shame and guilt associated with using, and have found recovery.
- F2F Peers have been through what many family members are going through. They have enabled their loved ones, spent sleepless nights, walked floors, bailed loved ones out of jail, shown up to court appearances, driven their loved ones to detoxes and rehabs, and understand the shame and guilt you've gone through. F2F Peers have found their own recovery, in order to safely love and support their family member with SUD.

### **Bringing Recovery and the Message of Hope to the Community and at ECMC**

In our community the Peers work with a person with SUD and help them navigate the many avenues to help and recovery. They provide advocacy, referral to services, peer counselling, recovery coaching, linkages to treatment providers, outreach and follow up. The Peers area guide towards the first steps of recovery.

In the ED at ECMC, the Peers carry the message of recovery and hope. Peers meet with people who present to the ED seeking detox from SUD. They are part of the chemical dependency team that screen people for inpatient detox. A2A Peers discuss the many avenues to recovery, explain the benefits of self-help, share their stories and give a listening ear to both the person with SUD and their loved ones who have accompanied them to the ED.

### **MENTAL HEALTH PEER CONNECTION (MHPC)**

[www.wnyil.org/Mental-Health-PEER-Connection/MHPC-Programs/A2A](http://www.wnyil.org/Mental-Health-PEER-Connection/MHPC-Programs/A2A)

Mental Health Peer Connection is a peer driven advocacy organization dedicated to facilitating self-directed growth, wellness and choice through genuine peer mentoring. Our staff and peers are people who are in recovery from mental health issues and/or chemical addiction who can relate to the individuals they are serving. MHPC provides Institutional, Community, and Vocational Based services assisting consumers in their recovery process. Benefits Advisement, Housing Assistance, and Job Placement Services are some of the services offered.

## **LGBTQ+**

[www.ecmc.edu/diversity-equity-inclusion/lgbtq/#1570643072377-042d8dc8-cbf2](http://www.ecmc.edu/diversity-equity-inclusion/lgbtq/#1570643072377-042d8dc8-cbf2)

At Erie County Medical Center Corporation (ECMCC), we believe that all patients deserve high quality of care delivered with compassion and respect, regardless of sexual orientation or gender identity or expression. Like all patients, we recognize that LGBTQ (lesbian, gay, bisexual, transgender, questioning) individuals need high quality, culturally competent health care from providers who know, respect, and understand them. They need providers who know their unique health risks and understand how to provide appropriate referrals and counseling.

ECMCC is committed to providing affirmative, sensitive, and informed health care to the LGBTQ community. We have developed policies to include patient and employee non-discrimination, a guarantee of equal visitation for same-sex partners and parents, and LGBTQ health education for staff.

ECMCC's Office of Diversity, Equity and Inclusion works to ensure that our LGBTQ patients receive respectful and compassionate health care.

# Your Rights and Responsibilities

## *What individuals in Addiction Treatment programs need to know*

Individuals in an addictions treatment program that is NYS OASAS certified or funded, have certain legal rights and responsibilities.

If you have questions concerning the treatment services you receive, or feel your rights have been violated, follow these steps:

- 1.** Talk with your counselor – most problems can and should be resolved with your counselor.
- 2.** If your counselor cannot resolve the situation, talk with his or her supervisor.
- 3.** If you still need help, talk with the director of your program.
- 4.** If the matter is still not resolved, call the OASAS Patient Advocacy line, 1-800-553-5790, during normal business hours. Calls must be made from within New York.
